ARTICLE I

STATEMENT OF PURPOSE/RECOGNITION

The success of the total school program is directly related to the performance of the District certificated employees. It is the intent of the Board to provide for its certificated employees the working conditions, benefits, and salary that allows the district to attract and retain high quality staff.

The purpose of this Meet and Confer Document is to itemize, specify, and document those terms of employment, salary, and benefits which have been agreed upon by the Governing Board of the Kyrene School District and the Kyrene Education Association, hereinafter referred to as the Association, for the 2016/2017 fiscal year.

This document may be amended or modified by mutual agreement of the parties. Exceptions may be made only as a result of legal ruling or legislative action directly affecting this document, or by the consent of both parties in which event appointed representatives of the Governing Board and the Association will meet expeditiously to discuss the need to amend the sections affected.

The Association acknowledges that the Kyrene School District Governing Board has the sole and final responsibility to the taxpayers of the District and, therefore, cannot delegate its vested authority to other parties or groups. Items or sections which would not permit the Governing Board to carry out its statutory responsibility have been excluded from this Document.

The Kyrene School District Governing Board recognizes that the Kyrene Education Association represents the certificated teachers and nurses employed by the Governing Board of the District. Representatives of the Association and the Governing Board, in a cooperative effort, will communicate and explain the terms of this document to all the certificated teachers of the Kyrene School District.

DEFINITION: For the purpose of this document, "employee" will be defined as: a certificated teacher, registered nurse or teacher on special assignment, not including administrators, or psychologists.

ARTICLE II

SALARY AND BENEFITS

A. Salaries

It is the goal of the Kyrene Education Association and the Kyrene School District to improve (increase) all salaries and working conditions in a way that is affordable now and in the future to acknowledge length of quality service and continuous learning so that we attract and retain quality teachers.

1. Salaries for Continuing Employees

Continuing employees may calculate compensation variable projections as provided in the Total Compensation Worksheet attached as Appendix C.

Employees are able to view their total compensation package on their total compensation report available through iVisions.

2. Salaries for New Employees

For employees new to the district, the starting salary at the BA level, with no experience will be placed at the entry level of the range. New employees with outside contracted-certified teaching experience will be granted experience credit up to four (4) years, based upon the current experience formula unless the hiring is in a high needs area whereas additional years of experience may be granted in the form of a stipend.

a. Experience Criteria

New employees with experience outside the District will be given credit for certified experience as a contracted employee of an accredited public or private school with certification requirements similar to Arizona. Public schools operated by the Bureau of Indian Affairs and Department of Defense will be allowed for credit.

b. Education Criteria

- Employees new to the District must furnish a complete, official set of all college transcripts within 30 days of the start of the contract.
- Evidence of all educational credit must be presented to Human Resource Services to be claimed for use in the initial setting of salary. Any courses taken prior to date of hire that were not verified by official transcripts and approved within the first fiscal year by Human Resource Services will not be eligible for salary credit.
- Credit will be allowed only for graduate courses completed after a Bachelor's degree and completed within the last ten (10) years, and excluding courses required for Arizona certification.
- Courses required for Arizona certification will not be eligible unless completed as part of the Post Bac Master's program, and only after Post Bac Masters degree is obtained.
- Credits will be compensated at a value approved by the Board and credited in increments of 15 for the purpose of setting initial salary. Any additional credits may be submitted through iVisions.

3. Criteria for Adjustment in Salary

a. Salary Increases for Length of Quality Service

Future salary increases for length of quality service to the base amount will be determined through the annual Meet and Confer process. Factors influencing these increases will include the Meet and Confer team's compensation goal (listed in A. above), as well as fiscal conditions and District goals in support of student learning.

b. Salary Increases for Continuing Education

Salary increases for continuing education are determined by the completion of approved education and professional growth coursework as described in the Professional Growth section of this document.

Employees who submit earned Education Credits by February 15 and who meet all criteria for receiving said credit will be compensated at the current credit value and for the number of allowable credits determined in the annual Meet & Confer process.

Teachers who have earned a Masters degree under a Post Bac program within four (4) years after date of hire shall be eligible for compensation of \$2,400 for earning a Master's degree even if some of their credits were required for Arizona certification.

- c. Teachers who successfully attain National Board Certification Certificate, Certificate of Clinical Competency or PNCB Certification will be eligible to receive a \$1,200 annual stipend for each year that the certification is valid.

Teachers who complete the entire process and submit a completed application to the National Board, but who do not attain certification will be eligible for a one time only \$1,200 stipend. In order to receive the one time only stipend of \$1,200 for the initial NBC submission, the employee must have filed a Notice of Intent by February 15 of the prior fiscal year.

- d. Standards for Salary Adjustments
Teachers who receive a rating of Ineffective, and are eligible for rehire will receive no increase in salary.

Teachers must receive one of the top three performance ratings on the teacher growth and evaluation system in order to receive any salary increase. A teacher, who receives an "ineffective" rating, will not receive any salary increase including: market increase, continuing teacher increase, performance pay, and other forms of salary excluding compensation that requires extra duty. No opportunity will be given, at any time, to recover the loss of salary.

4. Salary Deductions

- a. Employee organization dues (KEA, AEA, NEA, and ASHA), credit union/bank payments, 403b/457b deductions, insurance premiums, United Way, Kyrene Schools Community Foundation and charitable donations may be withheld from salary earned when requested by the employee.
- b. Requests for 403b/457b participation may be made at any time during the year. Such requests should consider the total annual amount for the contribution and be divided by the number of pay periods excluding balance of contract paychecks. Two (2) weeks written notification is required by payroll to change continuous deductions.
- c. Credit union deductions may be made at the employee's request. Changes received on or before payday will be effective on the following paycheck.
- d. Deductions for employee organizations dues, United Way and Kyrene Schools Community Foundation will begin upon receipt of the appropriate documentation by the Payroll Department and will be deducted through May. All deductions must be authorized by the employee.
- e. Employees will have salary payment options. These include 26 bi-weekly payments or an alternative payment option for actual contracted days worked as determined by Payroll each year, which follows the rules of a delayed payroll system. Employees will receive any remaining salary payments at the end of the school year, on the next regularly scheduled pay day.

5. Mileage Stipend

If an employee's position is of a nature that it will require travel from the employee's primary work site to alternate work sites or other locations that are within fifty miles of the employee's primary work site then they shall receive a mileage stipend. The amount of the stipend shall be dependent on the amount of anticipated travel based on the nature of the employee's job description. If the actual travel is less than the anticipated travel then no monies shall be returned to the District. If the actual travel is more than the anticipated travel then no monies shall be due to the employee. The mileage stipend is compensation in lieu of the requirement to track and submit actual mileage. The mileage stipend tiers are as follows:

- Tier 1: Anticipated travel is 50 – 500 miles, Stipend is \$250
- Tier 2: Anticipated travel is 500 – 1,000 miles, Stipend is \$500
- Tier 3: Anticipated travel is greater than 1,000 miles, Stipend is \$750

If an employee is expected to travel less than fifty miles during the year then they shall submit mileage claims when the travel takes place. If an employee travels outside the fifty mile radius then they shall submit a travel claim for all expenses, including mileage.

B. Benefits

1. Insurance

Per the Kyrene Employees Benefit Trust (KEBT) Summary Plan Document (SPD), an employee working 30 hours or more per week/130 hours per month in all positions within Kyrene School District combined is health insurance benefits eligible. All benefits eligible employees have the option to waive KEBT medical coverage with proof of other existing insurance coverage.

The Governing Board will provide medical benefits for its employees through the Kyrene Employees Benefit Trust (KEBT). These benefits are subject to changing statutory requirements and changes by the KEBT. Employees will be consulted, where possible, on a contemplated change of benefits and will be advised if and when benefits have been changed as to the nature of the specific changes.

The Kyrene School District provides a medical plan allowance to be used to purchase one of the Kyrene medical plans. If the employee chooses to decline medical plan coverage, they are also declining the medical plan allowance.

Should the medical allowance dollars not cover the premium for the employee's selected coverage, the employee will have salary deducted to cover the cost. In the event the employee is unable to pay their premiums for their selected benefits from their paycheck, the employee will be notified by the District and the employee will be given payment instructions.

a. Employee Insurance Committee

The Kyrene Education Association (KEA) may appoint one (1) employee to serve on the Employee Insurance Committee. The cost of substitutes in all instances will be paid by the District. [The committee may participate in all activities of the KEBT, including, but not limited to, committees as assigned and all meetings.] The role of the committee is to provide advice and input to the trustees of the KEBT for the purpose of adding value and perspective to its decisions.

b. Life Insurance Benefit

Basic life insurance will be provided to all benefits eligible employees regardless of a waiver or election of a KEBT medical plan.

c. Flex Benefits/Spending Account

- 1) New employees refer to New Employee Packet.
- 2) Continuing employees see Open Enrollment Forms.

d. Continuation of District Insurance Plan

- 1) Retirees can choose to elect COBRA through Kyrene for 18 months. When their COBRA election expires, or if they did not elect the COBRA continuation, they may go on the State plan or an individual insurance plan.
- 2) Widows, widowers, divorced spouses, and spouses of Medicare eligible employees who become ineligible for coverage will be allowed to continue coverage for themselves and their dependents by electing COBRA continuation, at their own expense as outlined in the federal guidelines for COBRA continuation.
- 3) Terminated employees may continue coverage for themselves and their dependents for eighteen (18) months, at their own expense by electing COBRA continuation, unless they become covered by another group insurance plan or become entitled to Medicare benefits.
- 4) Individuals requesting electing continuous coverage through COBRA will be required to pay the full group rate, plus an additional 2% to cover administrative COBRA costs.
- 5) Conversion or portability of Voluntary Life/Life Insurance may be requested by the employee after the termination of their active employee benefits due to termination of employment or during a period of leave absence that is not covered by the Family Medical Leave Act (FMLA).

e. Worker's Compensation

Any injury must be reported within five (5) days. See [Board Policy GBGD](#).

2. Authorized Absences

The Kyrene Education Association (KEA) and Kyrene Administration ask that all teaching staff use professional judgment when taking leave days. When employees are absent: 1) students' learning is impacted; 2) the cost of substitutes impacts the budget; and 3) availability of qualified substitutes often creates a situation where classes and colleagues are impacted.

Employees accrue approximately twelve (12) days/96 hours per year of Authorized Absences. Seven (7) of these days will be designated for Sick Days and five (5) will be designated for Personal Days. Days will accrue at the rate of .057692 per each hour compensated. These hours will be earned and credited on a per pay-period basis. Accruals will be based on actual paid time, not to exceed contracted FTE.

If a substitute is required, these absences (sick and/or personal) may be used and reported in a minimum of four (4) hour increments and one half-hour (1/2) increments thereafter. If a substitute is not required, these absences may be used and reported in a minimum of one (1) hour increments, and one half-hour (1/2) increments thereafter.

a. Sick Days:

- 1) Each school year, each 1.0 full time teacher shall accumulate approximately seven (7) sick days allowance to be used for absences caused by illness, physical disability, or medical appointment or treatment that cannot be scheduled outside of the school day of the teacher, spouse, partner, parents, spouses/partner's parents, siblings, and/or children. In addition, this benefit may be used for any relative living within the household who is claimed as a dependent. The unused portion of such allowance shall accumulate from year-to-year without limitation. Decisions relevant to the above may be appealed to the Superintendent or designee and KEA President or designee.
- 2) Part-time teachers, shall be credited with sick leave allowance.
- 3) If a principal/supervisor or Human Resources Services has reason to believe that a teacher has repeatedly violated or misused this sick day policy during the school year, he/she may request documentation related to the absences.
- 4) In the event that it can be shown that a teacher willfully violated or misused this sick day policy or misrepresented any statement or condition under this policy, he/she may be subject to reprimand and/or loss of pay for the days misused.

b. Personal Days:

- 1) Each school year, each 1.0 full time teacher on a 212, 216 day or 218 day contract shall accumulate approximately five (5) personal days to be used at the teachers' discretion. A 1.0 full-time teacher on a 235 day contract shall accumulate six and a half (6.5) personal days to be used at the teacher's discretion. Any unused personal days will be credited to the teacher's accumulated sick days at the end of the contract year.
- 2) Part-time teachers, 20 hours a week and above, shall be credited with personal days according to the percentage of full time being worked.
- 3) In order to ensure substitute coverage, it is required that a teacher planning to use a personal day shall notify his/her principal/supervisor as far in advance as possible. This notification is NOT for prior approval, but for planning purposes only. This notification will protect the employee from the fifteen percent (15%) rule at your site and risking the loss of salary.
- 4) In the case that more than fifteen percent (15%) of the certificated staff on any given day at any given building has given notification of absence to their principal or through online absence reporting program, then no more personal days for that school may be available. The fifteen percent (15%) excludes absences for district/school business, district/school trainings, or extenuating circumstances (i.e.: flu epidemic).
- 5) Personal days may not be used on blackout days. Blackout days are as follows:
 - First five (5) instructional days of school
 - The first instructional day of each quarter
 - Veterans Day cannot be combined with a personal day(s) to create a four day weekend or longer.
 - The day prior to the Thanksgiving Holiday
 - Friday of the Waste Management Open
 - State mandated assessment testing dates (excluding makeup testing) These dates are scheduled during the school year so any personal days that may have been previously granted during a tentative testing window may later be rejected due to a conflict with the test dates.
 - Last two (2) instructional days of the school year

If an extraordinary circumstance occurs and an employee requests to take a personal day on a blackout day, or requires more than two (2) consecutive personal days, he/she must submit the Request for Blackout Absence or More Than Two Consecutive Personal Days form to their principal or supervisor ten (10) business days prior to the restricted day. The employee may still submit a request when a ten (10) day notice is not possible. The employee will be docked the daily rate of pay with the possibility of future reimbursement pending approval.

Points of consideration for the principal or supervisor:

- Absence history
 - Prior absences on blackout days (previously known as Restricted ACA)
 - Absence creates a hardship at my site during this time due to: _____
 - 15% person day cap exceeded for this date
- 6) Personal days shall NOT be used to find other gainful employment.
 - 7) In the case where a teacher has used his/her sick day allotment for the year and has no days remaining of accumulated sick days, he/she may choose to use personal days due to illness/injury.
 - 8) Need to verify use of sick day
The supervisor may require explanation or verification of sick day use:
 - when a pattern of use is noted
 - when there is a question of the continuity of quality instruction being maintained
 - when the procedures have not been followed
 - when the absence exceeds five (5) consecutive work days

9) Misuse of Sick Day

Failure to comply with sick day standards and procedures will result in a deduction of a day's pay for each day in question. Repeated failure to comply may also result in disciplinary action as defined in Board Policy.

c. Employee Sick Leave Bank

Employees are eligible to participate in the employee sick leave bank. At the employee's option, a sick day leave day may be used to contribute to an employee sick leave bank. See Appendix A.

The KEA Employee Sick Leave Bank committee is responsible for managing the Employee Sick Leave Bank. All communications should be directed toward the KEA representative appointed to that committee. The Human Resource Services is responsible for the following tasks:

- Check participating employee's accruals
- Verify that all available resources, e.g. sick day/personal day hours, deductible absences and advance usage of sick days, have been used
- Debit and credit accruals/deductions in the personnel system

d. Employee Bereavement Absences

An employee who is contracted to work 20 hours a week or more shall be granted compensated bereavement time not to exceed three (3) days per annum, prorated to FTE, where such an absence is necessary due to a death in the employee's immediate family or employee's spouse's/partner's immediate family.* If there is a need for additional time for bereavement, and an employee has accrued personal and sick time, the employee may use that time for additional days and additional time may fall under the application of Policy GCCC and must be approved by the Governing Board. An employee who is contracted less than 20 hours a week shall be granted uncompensated bereavement time not to exceed three (3) days per annum, prorated to FTE.

- * "Immediate family" for this section only and 2(a)4 is defined as: 1) The spouse or domestic partner of the employee, 2) The children (including son-in-law/daughter-in-law), parents, siblings, grandchildren, or grandparents of the employee or the employee's spouse or domestic partner; 3) Relatives living within the household who can be claimed as a dependent.

e. Deductible Absences

A. Three (3) days/twenty-four (24) hours may be used by employees under provisions of the authorized absence benefits for sick day usage. A portion of the employee's salary will be deducted to equal to the daily rate of the standard substitute pay rate. This will apply whether or not a substitute is actually required for the position. Requests for this absence should be directed to the supervisor on the Absence Request Form at least five (5) days prior to the time of absence. This absence is non-cumulative. These days may also be requested for pay during an authorized leave of absence when all accrued time is exhausted.

f. Other Absences

- 1) The President of the KEA, or designee, will be provided initially with (5) days plus one (1) day for each existing school. The cost of substitutes will be paid by the KEA. Additional days may be authorized by the Superintendent.
- 2) Jury duty absence. Jury duty absence for employees is allowed with regular pay, less jury duty pay, without any deduction of authorized compensatory absence. Please see the jury duty FAQ's on the Human Resource Services web site for complete procedural information.
- 3) Response to subpoena: If an employee is subpoenaed to appear in court in a matter in which he/she is not a party, the employee may take the time without any deduction of sick days/personal days, provided appropriate documentation (e.g. the subpoena) is provided.

g. Accrued Time-off Incentive Plan

Employees may be eligible to cash out the equivalent of one week's FTE, calculated based on five day work week ACA / Sick days on an annual basis if the following conditions are met:

- 1) Employee elects to opt-in to this plan by February 15 of the preceding contract year.
- 2) Employee has a minimum balance of 7 weeks (prorated to FTE) at the time verification is conducted by Human Resource Services.
- 3) Employee must have a contract for the next fiscal year at the time verification is conducted by HR.

If these conditions are met, remuneration will be calculated at 50% of the employee's current base hourly rate at the time verification is conducted by Human Resource Services.

Human Resources Services will calculate the potential cost for the Accrued Time-off Incentive Plan based on the Notice of Intent Forms that are received in Human Resource Services by the February 15 deadline. Based on this data, a recommendation for the budget will be proposed during the annual budget process. All decisions regarding available funding will be determined and approved through the annual budget process for the next fiscal year. Continuance of this program in the future will be based upon available budget.

h. Cash-Out of Sick Days/Personal Days Benefits Upon Termination/Retirement

- 1) For employees working within the District during the 2004-2005 school year (before July 1, 2005) and continuing in employment, upon termination, whether by resignation, non-renewal of contract, dismissal, retirement, or death, they will receive remuneration for each day of accrued authorized compensatory absence on the following basis:

 - employees hired from July 1, 1977 through June 30, 1979, maximum of 150 days;

Employees who are eligible to receive a cash-out of their accrued time may choose between the following two options:

- 1) Take the cash disbursement subject to applicable taxes; or
- 2) Direct deposit the sum on a pre-tax basis into an existing Kyrene employee 403b account with the current provider.

In such cases, the District will bear the cost of the physical examination. The response from the physician will be in writing.

h. Sabbatical Leave

The Board recognizes the importance of continuing education for the employees of the District. The Board has acknowledged this principle by providing for educational salary credit and by providing opportunities for staff development education through workshops and other means. Sabbatical leave may also contribute to this principle.

Sabbatical leaves may be granted by the Board, contingent upon availability of District funds to an employee who has been employed for at least seven (7) consecutive years prior to the application for leave. Sabbatical leave requests must be made by February 15 of the year prior to the requested leave. Criteria, qualifications and requirements are pursuant to Board Policy GCCF and Arizona Revised Statute 15-510.

Sabbaticals may be granted for:

If an employee is elected to a state or national office of a professional education association, the employee may be granted a non-compensable leave for the term of said office. Employees may apply for additional non-compensable leaves if re-elected or elected to an additional office.

k. Personal Leave

Leave for less than one (1) year, which does not qualify under any of the other available leaves, may be granted in extraordinary circumstances. Requests must be approved by the principal/supervisor and the Assistant Superintendent of Human Resource Services and will only be granted if the leave would not disrupt the continuity of the instructional program.

l. Victim Leave

Upon submission of required documentation, Victim Leave will be granted pursuant to Board Policy GCCD if an employee is the victim of juvenile or adult crime and is exercising a right to be present at a proceeding as defined in A.R.S. 8-420 or 13-4439. The mission of the Kyrene Teacher Induction Program (K-TIP) is to impact student achievement by supporting and engaging new Kyrene teachers in professional development designed to increase teacher effectiveness, enhance reflection, encourage collaboration, utilize district and school resources, and promote adherence to policies and procedures. Our goals are to convey the culture, beliefs, and philosophy of the Kyrene School District to all teachers new to Kyrene and to provide on-going support to all teachers within their first three years of teaching in Kyrene.

- a. The K-TIP program will incorporate the strategy that new teachers enhance their teaching practice by participating in a comprehensive induction program that includes curriculum mentoring, consistent cohort networking support, and professional development that is choice-based and responsive to the ongoing teaching and learning of a 21st century highly-effective teacher.

5. Early Release/Restructured Week

District-wide early release, not to exceed two (2) hours, will occur on every Wednesday. The primary purpose of early release Wednesdays is to support student learning through Professional Learning Communities (PLC) and Professional Development (PD). Regular participation in PLC/PD is an expectation of all Kyrene teachers because best practice indicates that weekly PLCs/PD have the greatest positive effect on student learning. The expectation is that staff follows the Wednesday Early Release Schedule, unless otherwise agreed upon by principal and staff. On these Wednesdays, the additional time is available for professional development and teacher planning. PLC/PD may be built in the master schedule as part of the daily schedule. In doing so, PLC/PD requirements on Wednesdays would not apply. Teachers should not be asked to serve on multiple PLC's. Special area and elective teachers should meet as PLC's. These teachers will determine with principals the most effective team to work with as their PLC. Teachers will be allocated 30 minutes each Wednesday for teacher plan. Exceptions may exist for the following reasons:

- One (1) Wednesday will be designated each month as a school Site Day to be used for a staff meeting, professional development and/or PLC, at the principal's discretion, not to exceed one and a half (1.5) hours
- First week of school
- Thanksgiving week
- Conference windows
- District Day for pretest training
- Last week of school
- Principal discretion

Staff meetings will be scheduled on Site Days unless another day is agreed upon by a majority of certified staff. It is expected that staff will be present at school or District sites to complete these tasks and will notify their principal/supervisor when they need to be absent during early release time. Certificated staff members whose work schedule includes early release time must submit an absence report to Human Resource Services when they are not present on campus during this time.

B. Teacher Workday - Professional Staff Schedules and Calendars

It is recognized that successful school programs are dependent upon the reliable and timely presence of members of the teaching staff. It is also recognized that teacher responsibilities extend beyond the established workday. To ensure the safety of students, the ability to communicate with staff, parents, and students, attend scheduled meetings, conferences, duties, et cetera, certificated staff is expected to be present on campus during student learning hours as well as the time students are on campus before and after regular school hours. Flexibility for individual staff circumstances will be respected and considered by the principal/supervisor. Teachers will be responsible for communicating these circumstances to their principal/supervisor.

Certificated staff is expected to return phone calls, voicemail, and email by the end of the next school/business day. Upon return from an absence, the employee is expected to return the message by the end of the next business day.

This information may be accessed in the following ways:

- Training attendance
- PowerPoint presentations
- Training session videos
- Books and/or articles
- Information sharing with supervisor or colleagues

The certificated Meet and Confer document provides that all part-time teachers who are required to attend site activities prior to the first attendance dates of students, as well as the staff development day in the fall, will be compensated at their daily rate of pay.

Certificated staff is expected to attend scheduled staff meetings. It is expected that staff will notify their principal/supervisor when they cannot attend and make arrangements to obtain any/all information, which was presented, shared, discussed.

Certificated staff is expected to attend Meet Your Teacher, Curriculum Night, and Evening Parent Conferences as described in Meet and Confer. Attendance is expected at Elementary grade level evening performances. Attendance at other school and evening events is appreciated, but voluntary.

It is recognized that Dean/Student Advisors are to attend additional evening events, but not all events, and not to exceed the number of events that principals attend.

Certificated staff and school administration will collaborate in the design of the supervisory duty schedule and every effort will be made to ensure equity of assigned duty.

The value of uninterrupted planning and preparation time within the school day is recognized. Each school site will collaborate and decide upon the purpose of designated planning periods.

In order to minimize disruptions to instruction, staff cell phones should only be used for extenuating circumstances, during designated breaks, and when students are not present.

Part-time, job share, and traveling teachers will meet with their supervisor(s) to identify their responsibilities regarding these Professional Standards.

A thirty (30) minute uninterrupted, duty/meeting-free lunch will be provided for employees. The principal shall retain the right to temporarily adjust the thirty (30) minute lunch in cases of inclement weather or emergency circumstances.

Failure at any step of this procedure to appeal a grievance to the next step within the specified time limits will be deemed to be acceptance of the decision rendered at that step and there will be no further right of appeal via the grievance procedure.

Section 2: All documents, communications, and records dealing with the processing of a grievance will be filed separately from the personnel files of the participants.

Section 3: A grievance file of all proceedings held under the terms of this agreement will be kept in the District Human Resources Services.

N. Staff Protection

The Board will be vigorous in its protection of all employees from physical and/or verbal abuse.

1. Any employee who is threatened with harm is to notify the principal or supervisor immediately, and steps are to be taken at once to protect the employee's safety.
2. The Board will protect employees through a comprehensive liability insurance program. A copy of such policy is available for inspection in the business office.
3. The Board will hold harmless and defend any District employee from claims for damages caused or alleged to have been caused in whole or in part by that employee while performing assigned duties as an employee of the District under the provisions of the District's liability policy, whether or not that person is employed by the District at the time the claim is made, provided that the District will not be obligated to assume any costs or judgments held against the employee when such damages are proved to be due to the employee's willful negligence, violation of law, or criminal act as determined by a court of law.

O. Confidentiality of Personal Information

1. Personal information concerning employees—residence, phone numbers, and address—will not be given out without the employee's consent. If a parent or other person requests such information, the offer will be made to take the caller's phone number. The employee will be notified of the call.
2. At the time an employee signs an employment contract, a form will be made available to sign which releases the employee's name, address, and phone number to the KEA President for use in conducting Association business, e.g., committee assignments.
3. A District directory will be available to staff and Board members only and may not be distributed to non-district persons.
4. Employee/student phone numbers and addresses will not be used for personal or financial gain.

P. Certificated Personnel Files

1. Personnel files are established, initiated, and controlled by the District for the purpose of maintaining a record of the qualifications and performance of employees.
2. Material originating within the District and which concerns an employee's conduct, service, or personality will not be placed in an employee's file unless the employee has had an opportunity to read the material. The employee will acknowledge reading such material by affixing a signature on the actual copy to be filed and will be issued a copy. Such signature does not necessarily indicate agreement with the content of such material. In those instances when an employee refuses to sign such material, the administrator will call the employee and have the material read before a witness who will then sign a statement indicating that the material was read to the employee. A refusal to be on hand for the reading of such a statement before a witness will be regarded as insubordination.
3. The employee will have the right to respond to those items specifically addressed within the materials placed in the file. The response will be submitted to the individual's immediate administrative supervisor, read by the Assistant Superintendent and attached to the file copy. The response may be accepted only if the contents are directly relevant to the contents of the material in question.
4. All references obtained on the basis of confidentiality for the purpose of initial employment or promotion, originating either outside the District or within the District, will not be subject to this agreement and, therefore, will not be available for inspection by the employee. Those items covered would be placement files or letters of recommendation for initial employment or promotional employment within the District.
5. All materials must be dated at the time they are placed in the files and may not be removed except through grievance. The signature of the employee and immediate supervisor will be affixed to each document.
6. All materials placed in the District employee personnel files and originating within the District will be available for inspection by the employee and administration. Requests for inspection will be given in writing to the Human Resource Services twenty-four (24) hours in advance of the date desired. The Human Resource Services will schedule a time for the inspection and will make arrangements for a staff member to be present when the inspection takes place.

Q. Communication of Information

The following types of information will be available on the Kyrene website.

1. Board minutes (unofficial)
2. Board Minutes (official)
3. Board agendas
4. Meet and Confer Agreement

Board meeting packets will be provided to the President of the Kyrene Education Association. The contents and delivery of the packet will be identical to that provided to the media. Additional copies of any of the above materials may be obtained by complying with District procedures set forth in the "Operations Manual" under the heading: "Procedure for Viewing or Requesting Copies of Public Records."

In addition, a copy of the policies of the Board and the Administrative Operations Handbook will be available in the library of each school. A mail receptacle for the Kyrene Education Association will be provided at each school with the location to be determined by the principal.

R. Political Activities

The Board recognizes that employees have the same fundamental civic responsibilities and privileges as other citizens. Federal and state law, case law, and Attorney General Opinions will govern the political activities of employees. Information regarding these matters can be obtained from the District Business Services or the KEA.

S. Thursdays as KEA Days

The administration and its representatives will avoid scheduling meetings or activities the first and third Thursday afternoons of each school month whenever possible so that the KEA can start its meetings no earlier than fifteen (15) minutes after the last of the District students are dismissed.

T. KEA President Release Time

The Governing Board recognizes that the responsibilities associated with the presidency of the KEA serving as the certified ombudsman liaison, requires a considerable amount of the president's time. The amount of release time shall be determined annually in collaboration with the Superintendent depending on KEA funds available; however, it is intended that any release time would be for the purpose of assisting in:

- Maintaining an open respectful relationship between the district and its teachers.
- Easing the time commitment of the teacher in balancing the roles of classroom teacher and KEA president.
- Providing time for the KEA president to meet with various stakeholder groups during the school day to facilitate communication.
- Providing time for the KEA president to meet during the day with teachers and administrators while acting as a teacher advocate.
- KEA president to represent certified employees for committee's representation (e.g., Parent Leadership Committee, Calendar Committee, District Leadership, Safety & Security, Certified Compensation, School Boundary or Special Programs related to School Choice, Certified District Surveys).

Specific duties of the KEA president will be developed collaboratively between the KEA president and the Superintendent. At the end of the term of office, the KEA president will be returned to a teaching position equivalent to his/her prior position. Every effort will be made to return the teacher to their former position. However, in extraordinary circumstances such as reduction of enrollment or programs, the teacher will be offered an alternative assignment.

U. Representation in Decision-Making

1. The District administration will consult with KEA when appointing teachers to District committees.
2. The Association will be involved when calendar recommendations are made to the Governing Board. The recommendations will include the first day for students, all recesses, and holidays in accordance with Board policy.
3. The President of the KEA and the Superintendent will meet each year to determine the Association's involvement in budgetary review.

V. Assumption of Administrative Duties by Employees

1. At the beginning of the school year, the administrator in charge of each school will inform staff persons that there may be opportunities for employees to assume administrative responsibilities in the absence of the administrator. In each case, the principal will arrange for another administrator in the District to be on call and will inform the designated employee of that administrator.
2. Responsibilities of an employee assuming temporary administrative duties:
 - a. Extend the workday until close of office hours.
 - b. Prepare and submit a report as outlined by the principal.
 - c. Upon request of a fellow employee, secretary, or nurse, assist in student matters or meet with parents who have concerns.
 - d. Resolve problems with students.
 - e. Respond to emergency situations such as fire drills or unauthorized personnel on campus.
 - f. Report any emergencies to the administrator on call for consultation or on-site assistance.
 - g. Upon the return of the principal, meet to report any unusual circumstances.
3. If the administrator in charge is to be absent a full day and requests that an employee accept administrative duties, a substitute will be provided to assume that employee's classroom responsibilities.

W. Alternatives To Attendance at District/School-Sponsored Staff Development Days

Employees may attend other staff development activities or pursue other professional growth opportunities in place of a District/school staff development activity if the following guidelines are met:

1. Attendance at alternative staff development or professional growth activities will be on the same day and at the same time as the District/school staff development activity that is planned at their school.
2. The alternative, with principal approval, constitutes a growth experience and falls within at least one of the following guidelines:
 - a. District staff development priorities
 - b. School staff development goals
 - c. School goals
 - d. The experience directly relates to improving student learning

X. Parent/Teacher Communication

Regular and ongoing communication between parents and the professional staff at schools is important to the successful partnership among parents, students and teachers. Schools sponsor a variety of means to communicate proactively with parents. Meet the teacher, curriculum night, parent-teacher conferences and kindergarten orientation are among the opportunities for direct interaction with parents. The above mentioned events will be scheduled so as to encourage full parental participation.

1. Curriculum Presentation

An evening curriculum-based presentation will be held at all school sites during the first month of school with required attendance of certified staff.

2. Conference Opportunities

Principals and teachers will collaborate annually to develop a communication plan which continues to meet the needs of the community served and which supports parent-teacher partnerships. Two-third majority vote will determine the conference schedules and common evenings within the published conference window.

- a. For K-5 schools, this plan will include two evening conference opportunities during the first semester and two evening conference opportunities during second semester. If a teacher has met the needs of parents, community and colleagues in one evening, the second evening will not be required.
- b. For grades 6-8, there will be two evening opportunities for conferences; one in the winter and one in the spring.
- c. For all grades, additional parent-teacher conferences will be mutually arranged upon request.
 - In order to adequately prepare for conferences and the issuance of report cards, school, staff and district meetings that require the attendance of teachers will not be held during the one week, Wednesday to Wednesday, conference window and the week prior to the issuance of report cards. When a report card window follows a full teacher plan day, the above meeting restriction will not apply. Exceptions may be made under extraordinary circumstances (e.g. IDEA and Section 504 meetings).

Teacher Sick Leave Bank

Kyrene School District Teacher Sick Leave Bank

The Teacher Sick Leave Bank is designed to help employees during extreme and catastrophic circumstances. These days will help provide the continuation of your health insurance coverage.

The Teacher Sick Leave Bank (SLB) will be maintained for all District teachers and nurses by the Kyrene Education Association. This committee will establish the guidelines and procedures for monitoring and granting Sick Leave Bank days. Participation shall be on a voluntary basis with employees who wish to participate initially contributing one day of unused leave to the bank upon signing of the contract. This benefit is not intended to replace salary. Teachers not participating in previous years may enroll in the SLB upon signing a contract of any succeeding year by contributing one day of leave to the SLB. When days in the bank drop below the minimum balance established, those members wishing to continue membership with the bank will be required to contribute one additional day to the SLB. Unused Teacher Sick Leave Bank days will accumulate without limits and carries over into each consecutive year.

The following guidelines will be followed in administering this program:

1. Only those teachers contributing to the SLB will be eligible to receive days from it.
2. Days contributed to the SLB cannot be subsequently refunded unless the SLB is dissolved. If the SLB is dissolved, days remaining in the bank will be returned to current participants on a basis prorated by their respective contributions and the number of days remaining at that time.
3. The teacher or nurse who has contributed to the SLB may request up to eight (8) days from the bank when the individual's entire accumulated leave (sick days/personal days and deductible absences) have been exhausted.
4. No teacher or nurse shall be eligible for the SLB after qualifying for long-term disability coverage.
5. A teacher or nurse may receive days from the SLB for extreme and catastrophic circumstances to self or immediate family (immediate family is defined in Meet and Confer). Sick Leave Bank days will not be granted for maternity, except when complications arise from pregnancy.
6. An employee wishing to receive days from the SLB shall submit to the Sick Leave Bank chairperson a written request on the appropriate form available at www.kyrene.org/kea/slb.htm. The teacher, another family member, colleague, and/or administrator could make the request. A medical doctor or dentist's statement must be submitted along with the request to receive days from the SLB. The committee has the right to request a second medical doctor or dentist's opinion from a doctor of their choice.
7. An individual may be granted one request per school year and may appeal to the SLB committee for one (1) additional request of up to eight (8) days during the same school year. Additional days may be granted to an employee during extreme and catastrophic circumstances. The SLB committee will determine the number of days granted in conjunction with information from the employee and the Kyrene School District Benefits department.
8. The SLB committee shall be comprised of up to eight teachers or nurses appointed by the KEA President. The committee will meet the first and third Thursday of every month, as needed. Decisions will be made by majority vote and will be conveyed to Human Resources, Benefits Department and the employee in a timely manner.
