

FOR IMMEDIATE RELEASE: August 31, 2009

Kyrene offers variety of after-school classes

Each fall and spring the Kyrene Elementary School District offers a comprehensive array of after-school classes. Through the Community Education and Outreach Services Department, the district is able to offer a wide range of tuition-based youth and adult enrichment programs. Before and after school enrichment classes range from chess, art, choir, music, tennis, homework club, athletics, science and much more.

Throughout the district nearly two hundred new classes begin during the month of September, and limited spaces are still available. Interested students are encouraged to register as soon as possible.

Classes will be held at school sites however, enrollment is open to students throughout the Valley.

All Kyrene Youth Enrichment classes are tax credit eligible, and receipts will be mailed out to families automatically in January.

Register online at www.kyrene.org/eservices or call 480-783-4091 for additional information.
