

Welcome to Kyrene de Las Lomas

Kyrene School District Mission

To realize our vision, Kyrene seeks to inspire and engage our diverse community of students, staff, families and citizens to ensure continuous academic achievement and personal growth for every student.

Kyrene de las Lomas Motto

“Our Staff and Students can never predict to what heights we may soar, until first we spread our wings.”

A message from Principal Brian Gibson...

It is with great excitement and enthusiasm that I return to Kyrene de las Lomas as the new principal. I have been teaching and working in the Kyrene School District for the past thirteen years as a teacher, student advisor, and administrator. I began my teaching career at C.I. Waggoner Elementary where I taught fourth grade for two years. In 1998 I transferred to Kyrene de los Cerritos where I spent six years teaching fifth grade. I then transferred to Kyrene Middle School in 2005 to become the sixth grade student advisor. I was at Kyrene Middle School for two years and then became the assistant principal at Kyrene de las Lomas during the 2006-2007 school year. For the past two years I was the assistant principal at Kyrene de los Cerritos.

Lomas is very proud of the students who attend our school and our main focus is on their academic progress as well as their personal growth. One way we promote academic progress and personal growth is through the use of Character Counts. The six Pillars of Character are Trustworthiness, Respect, Responsibility, Fairness, Caring and Citizenship. At Lomas we also have a scientifically researched based school wide discipline program. This program relies on three rules that all students follow which are to “be safe”, “be respectful”, and “be responsible”. Through this school wide focus we are able to focus on positive behaviors students’ exhibit while helping students learn when they engage in behaviors that do not follow one of the three school rules.

At Lomas we believe in creating an environment that is safe and builds good character for all students and adults on our campus. We want to educate students giving them tools for life because we believe every student can be successful in whatever they choose to do. Our teachers are highly qualified and experienced. Out of forty-six teachers, thirty-seven of our teachers have four years or more of teaching experience. Many of our teachers have been here from the time

Lomas opened, which speaks highly of our school. We also have many open enrollment students, which tells us that parents want their children to be at Lomas. Our teaching staffs' experience shows through their effectiveness in helping students learn and progress academically. Our teachers do differ in style, personality and ways they nurture students' social and emotional development. It is our belief there is always more than one effective teacher for every child.

I want to thank you for visiting our school website page. I hope you find it informative and helpful. It is always a work in progress. If I can be of further assistance, please send me an email or give me a call.
