English

Parenting classes

Tennis

Floral arranging

Scrap booking

Photography

Life coach

Watercolors

Health topics

Effective

communication

Tai Chi

Web design

Digital photography

Cake decorating

Stress management

Cooking

Additional comments:

I was pleased to see Spanish, we just missed it as it was already full. Glad to see extreme Legos too-Yeah Koss-Fillinger, but my boy is a 1st grader☺

Thank you for it all. We love these great classes at Monte Vista!!

Person/group that taught hip hop at Sureno was good. I can't remember the group's /org. name.

Advertise via email.

Allow payment plan, split into 2or 3 payments.

It would be nice if classes were offered more than once a week such as Spanish-Mon. or Tues.

We suggest that chess class is offered in the afternoon on Friday or any other weekday.

If area-wide classes are going to be distributed to KMV families, they should come home at the same time as the KMV campus class form—NOT BEFORE.

I do think a 1 hour class is best for elementary, especially after a full day of school.

We love the enrichment program!

Keep up the great work. We love the enrichment programs.

Thank you for offering a variety of classes at low cost and during good times of the day.

Early release days are difficult on and costly to working parents. Enrichment classes are a great alternative to child care/babysitter.

Great programs!
