

Homework is assigned each Friday and due on Thursday. Parents and students both are required to write their signatures on the Reading Log. All homework is relative to what the student is learning in class at that time. All assignments support lessons students have been introduced to in the classroom. There will be no new subject matter in homework.

Homework is graded for effort and thoroughness.

Your child was given a spiral notebook to complete their homework. In this, s/he will write spelling words and do any "dot" work they have chosen for the week. Please tear out the sheets and return them with the packet of homework they received. Make sure the student's name is on each of the pages torn out to receive credit.

Homework is reviewed each Friday in class before it is sent home for the week. This will help ensure that your student knows what to do with each assignment.

Savor it!
