

Homework plays a very important role in the learning process. It is used as a reinforcement of skills learned and practiced in the classroom. Homework is meant to be done independently unless otherwise noted.

A homework packet will be sent home on Monday and they are to be returned (signed and completed) on the following Monday. Specific activities are designated for specific days in order to reinforce skills that we have been working on. Please **do not** encourage your child to sit down Monday and complete the whole packet at once. Time management and study skills are introduced and practiced by setting aside a designated homework time and place for your child to do his/her homework.

I feel very strongly about students being responsible for their own homework. It is their job to make sure it is done, signed, and turned in on time! Remind them that you have already been through the second grade...it is now their turn! If there has been an emergency or some unforeseen reason that stopped them from completing their homework, please write me a note, send me an email or give me a call, so I am aware of this.

If you have any questions, please feel free to contact me and I will get back to you as soon as possible.
