

6th Grade's Parent Guide to Technology

ParentVue & StudentVue

Classes that use it:
All core classes and elective courses

Purpose:
All classes post their class grades on ParentVue and StudentVue. By clicking on each class, you can view individual assignments and scores.

Also available:

- Emails from teachers
- Attendance records
- Class Schedule

Make sure your email is on ParentVue to receive emails.

Google Classroom

Classes that use it:
Mainly ELA, Science, and Social Studies. Some other elective courses may use it.

Purpose:
Teachers use Google Classroom to post daily lesson materials and assignments for students.

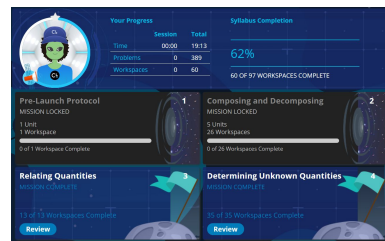

As a parent you can be added as a guardian to receive weekly summaries of assignments and missing work from any teachers using Google Classroom.

Mathia

Classes that use it:
Math

Purpose:
This website is part of the district math curriculum. It provides practice for students to master the math concepts we are working on in class.

Your student's math teacher will inform you and your student about what workspaces to complete and when they are due.

Teacher Websites

- > Welcome Page
- > Meet the Teacher
- > Links
- > Calendar
- > 6th Grade Weekly Agendas

Classes that use it:
All core and elective courses

Purpose:
Teachers each design and use their website differently, so explore them at the beginning of the year.

Some teachers post weekly agendas, nightly homework, or other resources and reminders.

[Cronin, Deer, Studohaur, Shelton cohort website](#)

Savvas

Classes that use it:
Science

Purpose:
SAVVAS Realize is the where students can find their science textbook and other science materials. Students can access this page through SAVVAS Easy Bridge. **This is the same link as is used for Pearson Realize.

Pearson Realize

Classes that use it:
ELA

Purpose:
Pearson Realize is the ELA textbook and other ELA materials. Students can access this through SAAVAS Easy Bridge. **This is the same link as is used for Science.

National Geographic

Classes that use it:
Social Studies

Purpose:
This website is part of the social studies curriculum. This is where students will find their textbook for social studies.

EquatIO Add On

Classes that use it:
Math

Purpose:
This Google Chrome Add on allows students to insert math workspaces onto a Google Doc or Google Slides. This helps students show their work on their assignments.

EquatIO - Math made digital

Troubleshooting

I don't have an activation code or log in for ParentVue, what should I do?

Please contact the front office, teachers do not have access to ParentVue activation codes.

What if I'm not receiving emails from my teachers?

Check that your email is listed on ParentVue, and reach out to the teacher if needed.

My student is missing an assignment, how do I know which one it is?

Click on the class title to view individual assignments on ParentVue or StudentVue, and click on the assignment name to view details.

Where can I find information about what my student is working on?

Start by checking the teacher websites or Google Classroom.

What should I do if my child is absent? Do they need to make up the work?

Yes, your student will need to make up any work from days when they are absent. Your student should check their google classroom, and agenda.

How can I contact my student's teachers?

All teachers can be emailed through ParentVue and our emails are listed in ParentVue as well as on our class websites.
