Social Studies

The previous week in social studies the students were given an assessment of section 1-2 on American Imperialism. This is the first assessment to be entered into the 3rd quarter grades. Next week we will be wrapping up chapter 22 by completing section 3. Once we have completed chapter 22 we will be moving on to our Document Based Question curriculum which has students analyze a number of documents and then produce an argumentative 5 paragraph essay.

Science

This week we began learning about Astronomy! Looking at what the term astronomy meant and what we define space as being here on Earth. Then we started a Planet research book.

Please contact me if you have any questions and you can visit my website for more information:

Sarah Frain

Math

This week in Pre-Algebra we finished up solving two-step equations and had a quiz on Thursday. Students that wish to retake this quiz may fill out a retake form and schedule an appoint to retake it with me. We will be continuing working with equations and making connections to real world word problems. In compacted math, students are continuing to work on Transformations in Geometry and we will move into a unit of triangles next week.

As always students are welcome to attend my office hours Tuesday mornings or any other time by appointment as well as attend after school tutoring Tuesday and Thursdays.

-Mr. Guzinski

ELA

Hi ELA Families,

We are nearing the end of the first half of Quarter 3! We will be working on Act II of "Scrooge & Marley" next week and the students will have their Act II online test on February 2, 2018. Please remind students that they may only earn test corrections on this test if they have completed all required homework and classwork for hand in on the day of the test.

Additionally, students will be tested on the first four chapters of The Outsiders during their Fourth Hour class (whichever day they see me for Fourth Hour) and they will be handing in their Outsiders Character Map, as well.

Next Wednesday, January 31, 2018, we will have a visiting young adult author, Amy Dominy, come and speak to the classes. Please encourage your students to be respectful of our visitor and consider things they might want to question her about, as this is an amazing opportunity for them.

As always, please contact me with questions or concerns,

Mrs. Fazio
