

Group Mentoring for Boys

Available at your school

Boys to Men Mentoring Network is partnered with your son's school to offer school-based group mentoring. Boys to Men of Greater Phoenix is affiliated with Boys to Men USA and has been working with Arizona boys for over 5 years. We are not associated with any religious organizations.

Why Boys to Men?

Middle school/high school is a critical time when boys make choices every day about what kind of man they will become. The BTM groups support boys in understanding their direct impact on their own life and the lives of those around them. Trained mentors Model, Accept, Listen and Encourage (M.A.L.E.), We use guided questions, that are goal oriented and kid focused, to help them find their truth, change and answers that are right for them. They discover their own inner resources and begin to understand emotional literacy. In-school mentoring groups or virtual online mentoring groups meets for 1 hour of school class time each week. Mentors sit with boys each week, in collaboration with the school. We do not counsel, fix or project any ideas or beliefs. We create an inclusive community where boys connect and support each other as they talk about topics relevant to 12-18 year-old boys. Our groups typically are a maximum of 12 boys and up to 4 trained male mentors.

We offer boys:

- A community where boys are empowered to speak their truth and are encouraged to take responsibility for their choices and understand their impact.
- A community where boys listen to each other's stories and get they're NOT ALONE.

The safety of our boys is our first priority.

Mentors volunteering at your son's school are carefully screened and must pass the state required fingerprint background check.

Other Boys to Men Programs

Boys to Men also offers other programs NOT ASSOCIATED with your son's school, such as a Mountain Adventure Rite of Passage Weekend and monthly Adventure Groups. These fun events bring good men and boys together to play, hike and provide a safe environment for boys to get support and encouragement on their journey to manhood.
