NOVEMBER 30, 2018

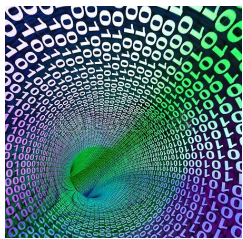

WINTER WONDERLAND:

Winter Wonderland is fast approaching! Winter Wonderland is a districtwide program that provides support for families in need during the holiday season by providing holiday gifts to children. Last year we were able to provide gifts for the holidays to more than 257 families and 933 Kyrene children, thanks to many volunteers, schools, businesses, and community members who supported the event through donations and time. Check out the [flyer](#) here for more details about the event.

We are now accepting unwrapped donations at KMS. Donations can be dropped off at Mrs. Konrad's office, no later than Thursday, December 6th. Donations can also be brought directly to the District Office for the Winter Wonderland drop off.

The Kyrene Foundation thanks you for your support of our families during this holiday season. For further information on how you can help, email: winterwonderland@kyrenefoundation.org.

COMPUTER SCIENCE WEEK:

Next week KMS students will be participating in the Computer Science Week hour of code activities during their advisory class. Students will have the opportunity to complete online coding activities or unplugged activities to explore the world of coding. Looking for more ways for your child to engage in Computer

Science Week at home? Check out code.org for more information.

INTERNATIONAL BACCALAUREATE (IB):

This month's Approaches to Learning skill will be: Communication. To be proficient at this skill, students would give and receive meaningful feedback, use appropriate forms of writing for different purposes and audiences, negotiate ideas and knowledge with their peers and teachers, and collaborate with others using a variety of digital environments and media. These skills are explicitly and implicitly taught in the classrooms and students get many opportunities for practice.

8th Grade Parent Reminder: The 8th grade Community Project will commence on December 12. Please support your child with this project by talking about it, reminding them of due dates (they are in the student guide), and letting them complete it themselves. The project will be due April 24 and the Showcase Night for this project will be May 3.

HEART AND SOLE:

Heart and Sole, the middle school counter part of Girls on the Run, is available at KMS this year! Registration is officially open from now until Friday, November 30th. For program details and how to register, check out the [flyer, here](#).

KMS 6TH GRADE SOCKTOBER CAMPAIGN:

When someone in a developing country becomes an amputee – they quickly come to realize they have lost much more than a limb. The loss of a limb is just the first loss in a cycle of loss that often includes their job, social standing,

self-worth, family, dignity, and finally their humanity. Let's break that cycle! At KMS, we have partnered with We Help Two to do just that. Click [here](#) to help.
