IB UPDATE:

Attention eighth grade parents and guardians—We will have a Community Project Showcase April 30 from 4-7pm in the MPR. The students will be presenting the information they've collected and acted upon during this semester-long endeavor. The students worked in small collaborative groups in researching a need in a community, creating a proposal for a solution, and taking action on their proposal. This was done independent of teacher instruction to synthesize all they have learned at KMS and in the IB program. Please join your student in celebrating the completion of this important project.
