

# Student Norms for School Zoom Video Conferencing Sessions

I will only enter my first name and last initial when joining a Zoom session.

I will make sure that I sit in a well lit and quiet place without any inappropriate items behind me. I will make sure that I don't have anything that identifies my personal information behind me.

I will keep myself muted until the teacher asks me to unmute myself. This will help reduce background noise during the session.

I will use the chat feature appropriately to only ask questions and make comments about what is being discussed.

I will only share my screen with my teacher's permission.

I will not record any class video conferencing sessions.

I will not retrieve, send or display offensive images or messages, insult, threaten or harass others.

I will not post anonymous communication or use the Internet or District network resources for illegal, inappropriate, or obscene purposes.

I will report anything inappropriate that happens during the Zoom session to my teacher and parents.

## **Consequences for Violating Zoom Video Conferencing School Norms**

The teacher will remove the student from the Zoom conference session, inform administration, and call the parents/guardians to report any disrespectful or inappropriate behavior.

If the behavior continues, the student will be permanently removed from being able to participate in class Zoom conference sessions. Students who violate the Kyrene student video conferencing norms will only be allowed to email the teacher to ask questions about their work.
