

Waggoner Site Council

Thursday, November 2, 2023

Members Present: Todd Nakagawa, Crystal Beach, Becky Ashworth, Marcie Romero, Mary Goldman, Kelly Robb, Leonor Cartagena, Tim O'Donnell, Lauren Walimaa

Members Absent: Jenn Coughlin, Gracie Knutson

A+ Application

- We are not getting a visit this year, but we will try again next year

School Letter Grades

- Letter grades came out and Waggoner is an A school. We talked about chronic absenteeism and trying to find ways to improve the number of absences.

90 Day Action Plan

- Focusing on literacy and teachers have created focus groups to help with this goal. All teachers saw growth when we had our last data chat.
- The other goal was to improve teacher and student relationships and Marcie briefly looked at the data and it is rising.

Step It Up

- We raised around 30,600. This met the goal that PTO set.
- Day of Awesomeness was this past week, and it went well.
- We will discuss if we continue with this fundraiser or move to something else in the future.

Book Fair

- We tried a new company- Phoenix Book Company
- Seemed it went well but haven't received exact numbers. There were not as many little trinkets, but it was nice to support local.

Trunk or Treat

- We had 28 cars show up and that is the most we have had in a long time.
- The time adjustment was nice!
- Ms. C had the choir sing a few songs before the school performed Thriller dance.

Turkey Trot

- It will be the Tuesday before Thanksgiving (11/21) and since it is a full day we are able to start a little later.
- There will be some obstacles and will be a similar set up as last year. KMS will have helpers come as well.

Dayspring

- They are still coming, and Becky scheduled it all. The kids love it!

Conferences

- We had a pretty good turnout. About half were on Zoom and half were in person.
- This year we did three conferences days. It was nice to have that extra day to flex their conferences.

Fence

- Mrs. Romero gave an update- a proposal was given to the city and there was a meeting. The city has said no to the proposal which doesn't mean a definite no but we are going back to the drawing board.

Budget

- Not much change but field trips are starting to come in. 4th Grade went on one already and other grade levels are scheduled.

Parking Spot

- The tax credit parking spots are in. Mary emails the families who get the parking spots for the month to let them know. We may start adding the winners to the monthly PAW so that families are recognized, and everyone knows. Kelly Robb will get a blurb from Marissa Cox for teachers to send out in their newsletters.
