

### **Test correction reflection**

Directions: First, list all words/concepts you may have missed with the CORRECT information that should have been used. Next, below write a “reflection” on why your test results might not have been what you expected (this is primarily for D and F scores). Others may write what else they can do to improve the next time.

**NOTE:** Any D or F scores MUST have a parent signature at the bottom prior to returning for adjusted credit!

Parent/guardian signature: \_\_\_\_\_
