

Welcome to
Mrs. Skoglund's
6th grade science class!

Inquiring Minds
Wanted!!

Am I in the right place?

- Pod: 7B
- Subject: Science
- Teacher: Mrs. Skoglund
- Room: 201
- Period 1, 3, 5 or 6

- Schedule is on board.
Know the A & B days!

What will you learn this year?

- How to think like a scientist!!
- How to design like an engineer!
- How to conduct and develop your own experiments.

What will you learn this year?

Units of study:

- 1st semester - What is Science, Ecology, Space
- 2nd semester - Geology

All Year:

1. Analyzing and interpreting graphs
2. How to write up a science lab
3. Understanding Informational Text
4. Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.
5. The Engineering Design Process

Supplies

- You are responsible for having all supplies at school every day.
- For science:
 - Science Notebook
 - Pens
 - Pencils
 - Colored Pencils
 - Clear tape
 - Scissors
 - Ruler

A+

How will you be graded?

- Tests, Quizzes, labs, & projects @ 80%
- Classwork, Homework, Science Notebooks @ 20%
- Missing work will show as a 0 until you turn it in.
- Late work receives no credit. (Projects will be handled separately)
- Participation in labs is a privilege that can be lost.
- Name, Date, Class Period on EVERY PAPER
- Work not completed in class may be assigned as HW. Make good use of your time.
- Grades are available online on my website.

Interactive Science Notebook

- EVERYTHING from Science is taped or written in your Science Notebook.
- Will be collected from time to time to be graded.
- If something is missing, will show as a 0 until you turn it in

Laptop Rules

1. Laptops must be signed in and out correctly.
2. Open before you leave - report any damage to me immediately.
3. Follow all District Technology rules and guidelines.
