

## Kyrene Use of Facilities Inclement Weather Policy

In an effort to protect district fields and to reduce unnecessary repairs, maintenance and expenses to the district, fields will be considered unplayable if the following conditions exist:

- Water standing on infields of ball fields or goal mouth / midfield of multipurpose fields/Track
- Where grass is sparse or field is worn badly and ground is saturated
- Turf can be displaced or dislodged from ground
- Mud cakes or clings to shoes
- Steady rain is falling
- Object can easily be inserted into field by an 8<sup>th</sup> of an inch
- Dirt (infield) is muddy

If any of these conditions exist, field usage will be cancelled immediately. Cancellations will result in a credit to the user group's account or refund if pre-payment has been taken. It is the User Groups responsibility to reach out to check availability to reschedule.

It is the user group's responsibility to check if field usage has been cancelled when inclement weather exists.

If a group ignores the "unplayable" conditions, the following consequences may occur:

- User group will be required to pay for damages in full caused by field usage
- User group will be held liable and responsible for accidents or injuries incurred because of unsafe conditions
- User agreement in place may be suspended or revoked to include future reservations

For updates on current field and facility closures please call our Rain line at 480-541-1537.

If a user group decides to cancel practice on their own accord due to weather, please notify Kyrene Facility Rentals by texting or calling 480-848-4588. Cancellations must be received at least minutes before scheduled start time to avoid incurring Facility Ranger fees.
