

# ADDING IMAGES

You can add an image to a page. Images can include clip art from the Library, as well as photographs and other image files.

Go to the Insert menu and choose Image or Movie. You can also add images from [Pics4Learning](#) and add clip art, images, and buttons from [the Library](#).

You will see the Open a File dialog.

Locate the file you want to add.

Click the file to select it.

Click the Open button. The image will be added to the page.
