State law mandates that school districts required to undergo an annual single audit publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States by a certified public accounting firm licensed in the State of Arizona. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the Kyrene Elementary School District No. 28 (District) for the fiscal year ended June 30, 2014.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with accounting principles generally accepted in the United States of America. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free of material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The District's financial statements have been audited by Heinfeld, Meech & Co., P.C., a certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2014, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an

Celebrating over 120 years of excellence in education

unmodified opinion that the District's financial statements for the fiscal year ended June 30, 2014, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated Single Audit as required by the provisions of the Single Audit Act Amendments of 1996 and U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations* designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the District's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in a separately issued Single Audit Reporting Package.

Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE DISTRICT

The District is one of 58 public school districts located in Maricopa County, Arizona. It provides a program of public education from preschool through grade eight, with an estimated current enrollment of 17,670 students.

The District's Governing Board is organized under Section 15-321 of the Arizona Revised Statutes (A.R.S.). Management of the District is independent of other state or local governments. The County Treasurer collects taxes for the District, but exercises no control over its expenditures/expenses.

The membership of the Governing Board consists of five members elected by the public. Under existing statutes, the Governing Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property; the development and adoption of a school program; and the establishment, organization and operation of schools. The Board also has broad financial responsibilities, including the approval of the annual budget, and the establishment of a system of accounting and budgetary controls.

The financial reporting entity consists of a primary government and its component units. A component unit is a legally separate entity that must be included in the reporting entity in conformity with generally accepted accounting principles. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, there are no component units combined with the District for financial statement presentation purposes, and the District is not included in any other governmental reporting entity. Consequently, the District's financial statements include only the funds of those organizational entities for which its elected governing board is financially accountable. The District's major operations include education, student transportation, construction and maintenance of District facilities, food services, and athletic functions.

The State continues to recover slowly and the Arizona Supreme Court has recently ruled that the State owes additional funding to the School Districts since inflation was not funded during the recession. It is believed that the low point of the recession is behind us and we will continue to recover. The Arizona State Retirement System has begun lowering contribution rates for employees and employers. In Kyrene, the amount of funds held back in Reserves has peaked and the District has made the conscious decision to reinvest a portion of these funds back into the educational system. This investment is expected to lead to greater academic success and increased student enrollment.

The annual expenditure budget serves as the foundation for the District's financial planning and control. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual expenditure budget approved by the District's Governing Board.

The expenditure budget is prepared by fund for all Governmental Funds, and includes function and object code detail for the General Fund and some Special Revenue and Capital Projects Funds. The legal level of budgetary control (that is, the level at which expenditures cannot exceed the appropriated amount) is established at the individual fund level for all funds. Funds that are not required to legally adopt a budget may have overexpenditures of budgeted funds. The budget for these funds is simply an estimate and does not prevent the District from exceeding the budget as long as the necessary revenue is earned. The District is not required to prepare an annual budget of revenue; therefore, a deficit budgeted fund balance may be presented. However, this does not affect the District's ability to expend monies.

FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the District operates.

Local Economy. The economy of the District is reflective of that of Tempe, Chandler and Phoenix. The statistical section of this report has information respective of those cities. Residents within the District boundaries have access to numerous employers outside the aforementioned cities but within Maricopa County.

Long-term Financial Planning. The District has a conservative strategy that helps minimize the impact during an economic downturn. The State's current deficit has resulted in legislation being passed that has reduced funding for school districts and while other districts are closing schools or eliminating programs Kyrene has remained steady by utilizing funds that have been put into reserves. The reserve funds primarily consists of cash based funds that generate revenue in excess of their costs such as Community School or Civic Center. The District has begun to draw down the balances on these funds in a conservative manner that allows the District to; maintain its bond rating, allow for a multi-year State recovery and minimize any reduction of programs and services.

The District has also put strategies into place to stabilize its enrollment. As projected by the District's contracted demographer, the District's community has become built out and the In-District population is aging out of the elementary grades. This has caused the District to face declining enrollment in recent years and was projected to further decline our enrollment in the upcoming years. However, the District has implemented more Schools of Choice that have

attracted enrollment from outside the District's boundary. The result has shown success by stabilizing enrollment numbers over the past couple of years. The District now has an established Traditional Academy, Leadership Academy, Prep Academy and Dual Language Academy. The District has also launched a second Dual Language Academy and Leadership Academy due to the overwhelming demand.

The District has demonstrated their commitment to providing a quality education for their students by offering a free Full Day Kindergarten program despite the State's choice to no longer provide funding for Full Day Kindergarten. The success of this program is evident since the District had every student meet the new Move On When Reading standards resulting in no students being held back.

The District has maximized their budget balance carry forward by continually carrying forward almost the entire 4% maximum that is allowed by Arizona Revised Statutes. In addition, the District has prepaid a portion of their health and liability insurance costs. These strategies have helped the District to absorb budget cuts without making a significant impact on student achievement.

AWARDS AND ACKNOWLEDGMENT

Awards. The Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting and the Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for comprehensive annual financial reports. In order to be awarded these certificates, the District published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both accounting principles generally accepted in the United States of America and applicable legal requirements.

These certificates are valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the programs' requirements and we are submitting it to ASBO and GFOA to determine its eligibility for the fiscal year ended June 30, 2014 certificates.

Acknowledgments. The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the business and finance department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the Governing Board of the District, preparation of this report would not have been possible.

Respectfully submitted,

Dr. David Schauer

INDEPENDENT AUDITOR'S REPORT

Governing Board
Kyrene Elementary School District No. 28

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Kyrene Elementary School District No. 28 (District), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Kyrene Elementary School District No. 28, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 1, the District implemented the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 65, *Items Previously Reported as Assets and Liabilities*, for the year ended June 30, 2014, which represents a change in accounting principle. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 14 and budgetary comparison information on pages 54 and 55 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2014, on our consideration of Kyrene Elementary School District No. 28's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Kyrene Elementary School District No. 28's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
(Required Supplementary Information)

(This page intentionally left blank)

**KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014**

As management of the Kyrene Elementary School District No. 28 (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

FINANCIAL HIGHLIGHTS

- The District's total net position of governmental activities increased \$4.0 million which represents a 2 percent increase from the prior fiscal year.
- General revenues accounted for \$127.2 million in revenue, or 85 percent of all current fiscal year revenues. Program specific revenues in the form of charges for services and grants and contributions accounted for \$22.8 million or 15 percent of total current fiscal year revenues.
- The District had approximately \$146.1 million in expenses related to governmental activities, an increase of 2 percent from the prior fiscal year.
- Among major funds, the General Fund had \$95.6 million in current fiscal year revenues, which primarily consisted of state aid and property taxes, and \$97.3 million in expenditures. The General Fund's fund balance decrease from \$20.5 million at the prior fiscal year end to \$19.2 million at the end of the current fiscal year was primarily due to a decrease in the allocation of property taxes of \$4.0 million.
- The Bond Building Fund's fund balance increased \$36.7 million due to the issuance of school improvement bonds.
- Net position for the Internal Service Funds increased \$1.4 million from the prior fiscal year. Operating revenues of \$13.6 million exceeded operating expenses of \$12.3 million at the end of the current fiscal year.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. The accrual basis of accounting is used for the government-wide financial statements.

**KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014**

OVERVIEW OF FINANCIAL STATEMENTS (Cont'd)

The statement of net position presents information on all of the District's assets, liabilities, and deferred inflows/outflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

The government-wide financial statements outline functions of the District that are principally supported by property taxes and intergovernmental revenues. The governmental activities of the District include instruction, support services, operation and maintenance of plant services, student transportation services, operation of non-instructional services, and interest on long-term debt.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements use the modified accrual basis of accounting and focus on near-term inflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

**KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014**

OVERVIEW OF FINANCIAL STATEMENTS (Concl'd)

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General, Debt Service and Bond Building Funds, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements and schedules.

Proprietary funds. The District maintains one type of proprietary fund. The internal service funds are accounting devices used to accumulate and allocate costs internally among the District's various functions. The internal service funds include (1) the District Services Fund which accounts for the operation of District functions that provide goods or services to other District departments on a cost reimbursement basis, (2) the Intergovernmental Agreements Fund which accounts for financial activities related to agreements with other governments where the District is the fiscal agent, (3) the Employee Benefit Trust Fund which provides employee health insurance and (4) the Workers Compensation Fund which accounts for financial activities associated with the insurance program for employee workers' compensation. Because these activities predominately benefit governmental functions, they have been included within governmental activities in the government-wide financial statements.

The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. Due to their custodial nature, fiduciary funds do not have a measurement focus.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's budget process. The District adopts an annual expenditure budget for all governmental funds. A schedule of revenues, expenditures and changes in fund balances – budget and actual has been provided for the General Fund as required supplementary information.

**KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014**

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows exceeded liabilities by \$179.6 million at the current fiscal year end.

The largest portion of the District's net position reflects its investment in capital assets (e.g., land and improvements, buildings and improvements, vehicles, furniture and equipment and construction in progress), less any related outstanding debt used to acquire those assets. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. In addition, a portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance is unrestricted and may be used to meet the District's ongoing obligations to its citizens and creditors.

The following table presents a summary of the District's net position for the fiscal years ended June 30, 2014 and June 30, 2013.

	As of June 30, 2014	As of June 30, 2013 (as restated)
Current assets	\$ 122,007,117	\$ 76,499,370
Capital assets, net	230,134,674	236,316,330
Total assets	<u>352,141,791</u>	<u>312,815,700</u>
Deferred outflows	<u>3,345,776</u>	<u>4,461,035</u>
Current liabilities	8,629,860	6,320,415
Long-term liabilities	167,271,626	135,372,955
Total liabilities	<u>175,901,486</u>	<u>141,693,370</u>
Net position:		
Net investment in capital assets	114,206,682	117,106,859
Restricted	22,942,445	18,256,725
Unrestricted	42,436,954	40,219,781
Total net position	<u>\$ 179,586,081</u>	<u>\$ 175,583,365</u>

**KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014**

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Cont'd)

At the end of the current fiscal year the District reported positive balances in all three categories of net position. The same situation held true for the prior fiscal year.

The District's financial position is the product of several financial transactions including the net result of activities, the acquisition and payment of debt, and the acquisition and disposal of capital assets. The following are significant current year transactions that had an impact on the Statement of Net Position.

- The issuance of \$40.0 million in general obligation bonds.
- The net addition of \$4.9 million in capital assets through school improvements; energy efficiency upgrades; and the purchase of vehicles, furniture and equipment.
- The principal retirement of \$7.9 million of bonds.

Changes in net position. The District's total revenues for the current fiscal year were \$150.1 million. The total cost of all programs and services was \$146.1 million. The following table presents a summary of the changes in net position for the fiscal years ended June 30, 2014 and June 30, 2013.

	Fiscal Year Ended June 30, 2014	Fiscal Year Ended June 30, 2013 (as restated)

**KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014**

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Cont'd)

The following are significant current year transactions that have had an impact on the change in net position.

- Unrestricted state aid increased \$3.4 million due to an increase in state equalization payments as a result of a change in the funding formula.
- Instruction expense increased \$2.5 million due to an increase in teacher compensation.

The following table presents the cost of the District's major functional activities. The table also shows each function's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden that was placed on the State and District's taxpayers by each of these functions.

	Total Expenses	Net (Expense)/ Revenue	Total Expenses (as restated)	Net (Expense)/ Revenue (as restated)
Instruction	\$ 82,030,946	\$ (75,282,048)	\$ 79,578,214	\$ (72,899,642)
Support services – students and staff	15,255,810	(13,252,201)	13,744,870	(11,919,947)
Support services – administration	10,824,855	(10,076,473)	10,744,152	(9,419,657)
Operation and maintenance of plant services	13,604,651	(13,251,870)	15,415,775	(14,943,683)
Student transportation services	8,034,589	(7,451,535)	7,724,844	(7,063,877)
Operation of non-instructional services	10,189,894	985,943	9,398,642	904,666
Interest on long-term debt	6,144,252	(4,912,934)	6,926,698	(6,482,018)
Total	\$146,084,997	\$(123,241,118)	\$ 143,533,195	\$(121,824,158)

- The cost of all governmental activities this year was \$146.1 million.
- Federal and State governments and charges for services subsidized certain programs with grants and contributions and other local revenues of \$22.8 million.
- Net cost of governmental activities of \$123.2 million was financed by general revenues, which are made up of primarily property taxes of \$66.2 million and unrestricted state aid of \$55.9 million.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported a combined fund balance of \$82.8 million, an increase of \$39.9 million primarily due to the issuance of \$40.0 million of school improvement bonds.

The General Fund comprises 23 percent of the total fund balance. Approximately \$19.0 million or 99 percent of the General Fund's fund balance is unassigned.

**KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014**

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (Concl'd)

The General Fund is the principal operating fund of the District. The decrease in fund balance of \$1.3 million to \$19.2 million as of fiscal year end was as a result of a decrease in the allocation of property taxes of \$4.0 million.

The Debt Service Fund had \$17.2 million in current fiscal year revenues and \$15.9 million in expenditures. The Debt Service Fund's fund balance increased from \$808,411 as of prior fiscal year end to \$2.2 million as of the current fiscal year end primarily due to an increase in the allocation of property tax revenues.

The fund balance in the Bond Building Fund increased \$36.7 million to \$41.4 million as of year end primarily due to the issuance of \$40.0 million in school improvement bonds.

Proprietary funds. Unrestricted net position of the Internal Service Funds at the end of the fiscal year amounted to \$14.9 million, which is consistent with the District's reserve policy. Operating revenues of \$13.6 million exceeded operating expenses of \$12.3 million.

BUDGETARY HIGHLIGHTS

Over the course of the year, the District revised the General Fund annual expenditure budget. The difference between the original budget and the final amended budget was a \$5,678 decrease or less than one percent.

Significant variances for the final amended budget and actual revenues resulted from the District not being required by the State of Arizona to prepare a revenue budget. A schedule showing the original and final budget amounts compared to the District's actual financial activity for the General Fund is provided in this report as required supplementary information.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. At year end, the District had invested \$396.4 million in capital assets, including school buildings, athletic facilities, buses and other vehicles, computers, and other equipment. This amount represents a net increase prior to depreciation of \$4.4 million from the prior fiscal year primarily due to the construction of school improvements and energy efficient upgrades. Total depreciation expense for the current fiscal year was \$11.1 million.

**KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014**

CAPITAL ASSETS AND DEBT ADMINISTRATION (Concl'd)

The following schedule presents a summary of capital asset balances for the fiscal years ended June 30, 2014 and June 30, 2013.

	As of <u>June 30, 2014</u>	As of <u>June 30, 2013</u>
Capital assets – non-depreciable	\$ 28,315,636	\$ 26,201,215
Capital assets – depreciable, net	<u>201,819,038</u>	<u>210,115,115</u>
Total	<u><u>\$ 230,134,674</u></u>	<u><u>\$ 236,316,330</u></u>

Additional information on the District's capital assets can be found in Note 6.

Debt Administration. At year end, the District had \$160.7 million in long-term debt outstanding, \$11.0 million due within one year. This represents a net increase of \$31.5 million due primarily to the issuance of \$40.0 million in school improvement bonds.

The District's general obligation bonds are subject to two limits; the Constitutional debt limit (total debt limit) on all general obligation bonds (up to 15 percent of the total secondary assessed valuation) and the statutory debt limit on Class B bonds (the greater of 10 percent of the total secondary assessed valuation or \$1,500 per student). The current total debt limitation for the District is \$245.7 million and the current Class B debt limit for the district is \$163.8 million which are more than the District's total outstanding general obligation and Class B debt, respectively.

Additional information on the District's long-term debt can be found in Notes 7 through 9.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Many factors were considered by the District's administration during the process of developing the fiscal year 2014-15 budget. Among them:

- Fiscal year 2013-14 budget balance carryforward (estimated \$3.2 million).
- District student population (estimated 16,485).

Also considered in the development of the budget is the local economy and inflation of the surrounding area.

**KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET (Concl'd)

Budgeted expenditures in the General Fund decreased 6.6 percent to \$97.5 million in fiscal year 2014-15. Decreased student count is the primary reason for the decrease. State aid and property taxes are expected to be the primary funding sources. No new programs were added to the 2014-15 budget.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the resources it receives. If you have questions about this report or need additional information, contact the Business and Finance Department; Kyrene Elementary School District No. 28; 8700 South Kyrene Road; Tempe, Arizona 85284-2197.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2014

Net changes in fund balances - total governmental funds **\$ 39,878,326**

Amounts reported for *governmental activities* in the Statement of Activities are different because:

Governmental funds report the portion of capital outlay for capitalized assets as expenditures. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives as depreciation expense.

Expenditures for capitalized assets	\$ 4,932,105	
Less current year depreciation	<u>(11,103,752)</u>	(6,171,647)

Issuance of school improvement bonds provides current financial resources to governmental funds, but the issuance increases long term liabilities in the Statement of Net Position.		(40,457,240)
---	--	--------------

Some revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	162,673	
Intergovernmental	<u>(38,206)</u>	124,467

Repayments of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.		9,655,000
---	--	-----------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Loss on disposal of capital assets	(10,009)	
Amortization of issuance premium and deferred bond items	138,450	
Compensated absences	<u>(398,543)</u>	(270,102)

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Kyrene Elementary School District No. 28 (District) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

During the year ended June 30, 2014, the District implemented the provisions of GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. GASB Statement No. 65 establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

The more significant of the District's accounting policies are described below.

A. Reporting Entity

The Governing Board is organized under Section 15-321 of the Arizona Revised Statutes (A.R.S.). Management of the District is independent of other state or local governments. The County Treasurer collects taxes for the District, but exercises no control over its expenses/expenditures.

The membership of the Governing Board consists of five members elected by the public. Under existing statutes, the Governing Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property; the development and adoption of a school program; and the establishment, organization and operation of schools.

The Board also has broad financial responsibilities, including the approval of the annual budget, and the establishment of a system of accounting and budgetary controls.

The financial reporting entity consists of a primary government and its component units. A component unit is a legally separate entity that must be included in the reporting entity in conformity with generally accepted accounting principles. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, there are no component units combined with the District for financial statement presentation purposes, and the District is not included in any other governmental reporting entity. Consequently, the District's financial statements include only the funds of those organizational entities for which its elected governing board is financially accountable. The District's major operations include education, student transportation, construction and maintenance of District facilities, food services and athletic functions.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) present financial information about the District as a whole. The reported information includes all of the nonfiduciary activities of the District. For the most part, the effect of internal activity has been removed from these statements. These statements are to distinguish between the governmental and business-type activities of the District.

Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not have any business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes, unrestricted Federal, State, and County aid, and other items not included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and the fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. As a general rule, the effect of internal activity has been eliminated from the government-wide financial statements; however, the effects of interfund services provided and used between functions are reported as expenses and program revenues at amount approximating their external exchange value.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Fund Financial Statements – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. As permitted by generally accepted accounting principles the District applies the “early recognition” option for debt service payments. Property tax resources are provided in the Debt Service Fund during the current year for the payment of debt service principal and interest due early in the following year (less than one month). Therefore, the expenditures and related liabilities have been recognized in the current period.

Property taxes, Federal, State, and County aid, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Food services and miscellaneous revenues are not susceptible to accrual because generally they are not measurable until received in cash. Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. Unearned revenues arise when resources are received by the District before it has legal claim to them, as when grant monies are received prior to meeting all eligibility requirements imposed by the provider.

Delinquent property taxes and other receivables that will not be collected within the available period have been reported as unavailable revenues on the governmental fund financial statements.

The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The Internal Service Funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by fund type.

The District reports the following major governmental funds:

General Fund – The General Fund is the District’s primary operating fund. It accounts for all resources used to finance District maintenance and operation except those required to be accounted for in other funds. The General Fund includes the District’s Maintenance and Operation Fund as well as certain activities budgeted in separate funds in accordance with A.R.S. These funds are maintained as separate funds for budgetary purposes but do not meet the criteria for separate reporting in the financial statements.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Debt Service Fund – The Debt Service Fund accounts for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs.

Bond Building – The Bond Building Fund accounts for proceeds from District bond issues that are expended on the acquisition or lease of sites; construction or renovation of school buildings; supplying school buildings with furniture, equipment, and technology; improving school grounds; or purchasing pupil transportation vehicles.

Additionally, the District reports the following fund types:

Proprietary Funds – The Proprietary Funds are Internal Service Funds that account for activities related to (1) the operation of District functions that provide goods and services to other District departments on a cost reimbursement basis, (2) activities related to agreements with other governments where the District is the fiscal agent, (3) the District's self-insurance program for employee benefits and (4) the District's insurance program to pay for workers' compensation insurance premiums.

Fiduciary Funds – The Fiduciary Funds are Agency Funds which account for resources held by the District on behalf of others. The Student Activities Fund accounts for monies raised by students to finance student clubs and organizations held by the District as an agent. The Employee Insurance Clearing Fund accounts for unremitted insurance payments temporarily held by the District as an agent.

The Proprietary Fund financial statements are reported using the economic resources measurement focus and accrual basis of accounting and are presented in a single column.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's internal service funds are charges for health benefits and charges to District departments for goods and services. Operating expenses for internal service funds include the cost of goods and services and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The Agency Funds are custodial in nature and do not have a measurement focus and are reported on the accrual basis of accounting. The Agency Funds are reported by fund type.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

D. Cash and Investments

For purposes of the Statement of Cash Flows, the District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents at year end were cash in bank and cash and investments held by the County Treasurer.

A.R.S. require the District to deposit all cash with the County Treasurer, except as discussed below. Cash with the County Treasurer is pooled for investment purposes, except for cash of the Debt Service and Bond Building Funds that may be invested separately. Interest earned from investments purchased with pooled monies is allocated to each of the District's funds based on their average balances. As required by statute, interest earnings of the Bond Building Fund are recorded initially in that fund, but then transferred to the Debt Service Fund. All investments are stated at fair value.

Statute authorizes the District to separately invest monies of the Bond Building and Debt Service Funds in the State Treasurer's investment pools; obligations issued and guaranteed by the United States or any of its agencies or instrumentalities; specified state and local government bonds and notes; and interest bearing savings accounts or certificates of deposit.

Statute authorizes the District to deposit monies of the Auxiliary Operations and Student Activities Funds in bank accounts. Monies in these funds may also be invested. In addition, statute authorizes the District to maintain various bank accounts such as clearing accounts to temporarily deposit receipts before they are transmitted to the County Treasurer; revolving accounts to pay minor disbursements; and withholdings accounts for taxes and employee insurance programs. Some of these bank accounts may be interest bearing.

Statute does not include any requirements for credit risk, concentration of credit risk, interest rate risk, or foreign currency risk. Statute requires collateral for deposits of Bond Building and Debt Service Funds monies in interest bearing savings accounts and certificates of deposit at 101 percent of all deposits not covered by federal depository insurance.

E. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments. Investment income is included in other local revenue in the governmental fund financial statements and in nonoperating revenues in the proprietary fund financial statements.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

F. Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Interfund balances between governmental funds are eliminated on the Statement of Net Position.

All receivables, including property taxes receivable, are shown net of an allowance for uncollectibles.

G. Property Tax Calendar

Property tax levies are calculated by applying tax rates against both the primary assessed valuation and the secondary assessed valuation. Primary and secondary valuation categories are composed of the exact same properties. However, the primary category limits the increase in property values to 10% from the previous year, while there is no limit to the increase in property values for the secondary valuation. Override and debt service tax rates are applied to the secondary assessed valuation and all other tax rates are applied to the primary assessed valuation.

The County levies real property taxes on or before the third Monday in August, which become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May. The billings are considered past due after these dates, at which time the applicable property is subject to penalties and interest.

The County also levies various personal property taxes during the year, which are due the second Monday of the month following receipt of the tax notice, and become delinquent 30 days thereafter.

Pursuant to A.R.S., a lien against assessed real and personal property attaches on the first day of January preceding assessment and levy; however according to case law, an enforceable legal claim to the asset does not arise.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

H. Inventory

Inventories are valued at cost using the average cost and first-in/first-out (FIFO) methods. Inventories consist of expendable supplies held for purchase and consumption. Inventories are recorded as expenses when consumed on the government-wide financial statements and as expenditures when purchased on the fund financial statements.

The United States Department of Agriculture (USDA) commodity portion of the food services inventory consists of food donated by the USDA. It is valued at estimated market prices paid by the USDA.

I. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Prepaid items are recorded as expenses when consumed in the government-wide financial statements and as expenditures when purchased in the fund financial statements.

J. Capital Assets

Capital assets, which include land and improvements; buildings and improvements; vehicles, furniture, and equipment; and construction in progress, are reported in the government-wide financial statements.

Capital assets are defined by the District as assets with an initial, individual cost in excess of \$5,000 and an estimated useful life of more than one year. Such assets are recorded at historical cost, or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Capital assets are depreciated using the straight line method over the following estimated useful lives.

Land improvements	10 – 50 years
Buildings and improvements	5 – 50 years
Vehicles, furniture and equipment	5 – 25 years

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

K. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position may report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

L. Compensated Absences

The District's employee vacation and sick leave policies generally provide for granting vacation and sick leave with pay in varying amounts. Only benefits considered vested are recognized in the financial statements. The liability for vacation and sick leave is reported in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee leave, resignations and retirements. Generally, resources from the General Fund are used to pay for compensated absences.

M. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net position. Bond premiums and discounts, as well as the difference between the reacquisition price and the net carrying amount of the old debt are deferred and amortized over the life of the bonds using the straight line method over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concl'd)

N. Interfund Activity

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund financial statements are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds.

O. Net Position Flow Assumption

In the government-wide and proprietary fund financial statements the District applies restricted resources first when outlays are incurred for purposes for which either restricted or unrestricted amounts are available.

P. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 – FUND BALANCE CLASSIFICATIONS

Fund balances of the governmental funds are reported separately within classifications based on a hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

Nonspendable. The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact.

Restricted. Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 2 – FUND BALANCE CLASSIFICATIONS (Cont'd)

Committed. The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action of the Governing Board. Those committed amounts cannot be used for any other purpose unless the Governing Board removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. The District does not have a formal policy or procedures for the utilization of committed fund balance, accordingly, no committed fund balance amounts are reported.

Assigned. Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Governing Board or a management official delegated that authority by the formal Governing Board action. The District does not have a formal policy for the utilization of assigned fund balance, accordingly, no assigned fund balance amounts are reported.

Unassigned. Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had be restricted, committed, or assigned.

The District applies restricted resources first when outlays are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 2 – FUND BALANCE CLASSIFICATIONS (Concl'd)

The table below provides detail of the major components of the District's fund balance classifications at year end. Voter approved initiatives include monies restricted for Classroom Site and Instructional Improvement Funds activities.

	General Fund	Debt Service Fund	Bond Building Fund	Non-Major Governmental Funds
Fund Balances:				
Nonspendable:				
Inventory	\$ 261,235	\$	\$	\$ 39,265
Restricted:				
Debt service		2,190,264		
Capital projects				4,383,374
Bond building projects			41,377,697	
Voter approved initiatives				6,350,543
Auxiliary operations				212,484
Food service				622,050
Civic center				1,290,660
Community school				5,926,494
Extracurricular activities				773,784
Other purposes				511,515
Unassigned	18,977,332			(113,397)
Total fund balances	<u>\$ 19,238,567</u>	<u>\$ 2,190,264</u>	<u>\$ 41,377,697</u>	<u>\$ 19,996,787</u>

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Individual Deficit Fund Balances – At year end, the Building Renewal Grant Fund, a non-major governmental fund, reported a deficit in fund balance. The deficit arose because of operations during the year. Additional revenues received in fiscal year 2014-15 are expected to eliminate the deficit.

NOTE 4 – CASH AND INVESTMENTS

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of bank failure the District's deposits may not be returned to the District. The District does not have a deposit policy for custodial credit risk. At year end, the carrying amount of the District's deposits was \$521,678 and the bank balance was \$772,346. In addition, the District had \$100,000 held by the District's insurance carrier that is recorded as cash on the Statement of Net Position in the government wide financial statements.

The County Treasurer's pool is an external investment pool with no regulatory oversight. The pool is not required to register (and is not registered) with the Securities and Exchange Commission. The fair value of each participant's position in the County Treasurer investment pool approximates the value of the participant's shares in the pool and the participants' shares are not identified with specific investments.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 4 – CASH AND INVESTMENTS (Concl'd)

At year end, the District's investments consisted of the following.

	<u>Average Maturities</u>	<u>Fair Value</u>
County Treasurer's investment pool	374 days	\$ 95,751,768
Total		<u>\$ 95,751,768</u>

Interest Rate Risk. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. The District has no investment policy that would further limit its investment choices. As of year end, the District's investment in the County Treasurer's investment pool did not receive a credit quality rating from a national rating agency.

Custodial Credit Risk - Investments. The District's investment in the County Treasurer's investment pool represents a proportionate interest in the pool's portfolio; however, the District's portion is not identified with specific investments and is not subject to custodial credit risk.

NOTE 5 – RECEIVABLES

Receivable balances, net of allowance for uncollectibles, have been disaggregated by type and presented separately in the financial statements with the exception of due from governmental entities. Due from governmental entities, net of allowance for uncollectibles, as of year end for the District's individual major, non-major governmental, and internal service funds in the aggregate, were as follows.

	<u>General Fund</u>	<u>Debt Service Fund</u>	<u>Non-Major Governmental and Other Funds</u>
Due from other governmental entities:			
Due from Federal government	\$ 30,251	\$ 412,663	\$ 1,288,553
Due from State government	16,944,597		511,182
Due from other districts			217,548
Net due from governmental entities	<u>\$ 16,974,848</u>	<u>\$ 412,663</u>	<u>\$ 2,017,283</u>

Construction Commitments – At year end, the District had contractual commitments related to various capital projects for the replacement of cooling towers, energy efficient upgrades and remodeling of various sites. At year end, the District had spent \$2.3 million on the projects and had estimated remaining contractual commitments of \$2.0 million. These projects are being funded with bond proceeds.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 7 – OBLIGATIONS UNDER CAPITAL LEASES

The District has acquired copiers under the provisions of a long-term lease agreement classified as a capital lease. The lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of its future minimum lease payments as of the inception date. Revenues from the District Services Fund, a proprietary fund, are used to pay the capital lease obligation.

The assets acquired through capital leases that meet the District's capitalization threshold are as follows.

	Governmental Activities
Asset:	
Vehicles, furniture and equipment	\$ 206,068
Total	<u>\$ 206,068</u>

The future minimum lease obligations and the net present value of these minimum lease payments at year end were as follows.

Year Ending June 30:	Governmental Activities
2015	\$ 44,472
2016	44,471
2017	44,472
2018	<u>44,472</u>

NOTE 8 – GENERAL OBLIGATION BONDS PAYABLE

Bonds payable at year end, consisted of the following outstanding general obligation bonds. Of the total amount originally authorized, \$74.0 million remains unissued. The bonds are both callable and noncallable with interest payable semiannually. Property taxes from the Debt Service Fund are used to pay bonded debt. In addition, a portion of the District's school improvement bonds are Qualified Build America Bonds (BABS). The District receives a direct subsidy payment from the United States of America for a portion of the interest due on the bonds.

Description	Original Amount Issued	Interest Rates	Remaining Maturities	Outstanding Principal June 30, 2014	Due Within One Year
Governmental Activities:					
2005 School Improvement Bonds, Series A (Class B)	\$16,000,000	3.875 - 5.00%	7/1/14-25	\$ 6,220,000	\$ 700,000
2005 School Improvement Bonds, Series B (Class B)	18,000,000	4.00 - 5.125%	7/1/14-26	11,300,000	805,000
2005 School Improvement Bonds, Series C (Class B)	30,000,000	3.75 - 5.00%	7/1/14-27	19,520,000	500,000
2005 School Improvement Bonds, Series D (Class B)	25,000,000	4.375 - 6.20%	7/1/15-28	25,000,000	
2005 School Improvement Bonds, Series E (Class B)	22,350,000	3.20 - 6.00%	7/1/15-28	22,350,000

2010 School Improvement Bonds, Series B (Class B)	40,000,000	3.00 - 5.25%	7/1/17-30	40,000,000	
Total				<u>\$ 156,020,000</u>	<u>\$ 9,655,000</u>

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 8 – GENERAL OBLIGATION BONDS PAYABLE (Concl'd)

Annual debt service requirements to maturity on general obligation bonds at year end are summarized as follows.

Year ending June 30:	Governmental Activities	
	Principal	Interest
2015	\$ 9,655,000	\$ 6,199,160
2016	9,470,000	6,433,012
2017	12,175,000	6,650,032
2018	12,870,000	5,921,575
2019	7,345,000	5,442,334
2020-24	42,180,000	21,831,511
2025-29	50,400,000	9,468,735
2030-31	11,925,000	640,064
Total	<u>\$ 156,020,000</u>	<u>\$ 62,586,422</u>

In prior years, the District defeased certain general obligation and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the defeased bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. At year end, \$28,775,000 of defeased bonds are still outstanding.

NOTE 9 – CHANGES IN LONG-TERM LIABILITIES

Long-term liability activity for the current fiscal year was as follows.

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
Bonds payable	\$ 123,885,000	\$ 40,000,000	\$ 7,865,000	\$ 156,020,000	\$ 9,655,000
Premium	5,266,332	457,240	1,253,709	4,469,863	
Total bonds payable	<u>129,151,332</u>	<u>40,457,240</u>	<u>9,118,709</u>	<u>160,489,863</u>	<u>9,655,000</u>
Obligations under capital leases		206,068	44,472	161,596	44,472
Compensated absences payable	<u>6,221,623</u>	<u>6,677,901</u>	<u>6,279,358</u>	<u>6,620,166</u>	<u>2,000,000</u>
Governmental activity long-term liabilities	<u>\$ 135,372,955</u>	<u>\$ 47,341,209</u>	<u>\$ 15,442,539</u>	<u>\$ 167,271,625</u>	<u>\$ 11,699,472</u>

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 10 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

At year end, interfund balances were as follows.

Due to/from other funds:

	General Fund	Non-Major Governmental and Other Funds	Total Due to Other Funds
Non-Major Governmental and Other Funds	\$ 1,061,920	\$ 82,346	\$ 1,144,266
Total Due from Other Funds	<u>\$ 1,061,920</u>	<u>\$ 82,346</u>	<u>\$ 1,144,266</u>

At year end, several funds had negative cash balances in the Treasurer's pooled cash accounts. Negative cash on deposit with the County Treasurer was reduced by interfund borrowing with the General Fund and the District Services Fund, a proprietary fund. All interfund balances are expected to be paid within one year.

Interfund transfers:

	Transfers in			
	General Fund	Debt Service Fund	Non-Major Governmental Funds	Total
Transfers out				
Bond Building Fund	\$	\$ 98,003	\$	\$ 98,003
Non-Major Governmental Funds	752,290		23,796	776,086
Total	<u>\$ 752,290</u>	<u>\$ 98,003</u>	<u>\$ 23,796</u>	<u>\$ 874,089</u>

Transfers between funds are used to (1) move investment income and premium earned in the Bond Building Fund that is required by statute to be expended in the Debt Service Fund, (2) to move Federal grant funds restricted for indirect costs to the Indirect Costs Fund, which is reported in the General Fund and (3) to correctly report fund balances within non-major governmental funds.

NOTE 11 – CONTINGENT LIABILITIES

Compliance – Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures/expenses that may be disallowed by the grantor cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 11 – CONTINGENT LIABILITIES (Concl'd)

Lawsuits – The District is a party to a number of various types of lawsuits, many of which normally occur in governmental operations. The ultimate outcome of the actions is not determinable, however, District management believes that the outcome of these proceedings, either individually or in the aggregate, will not have a materially adverse effect on the accompanying financial statements.

Arbitrage – Under the Tax Reform Act of 1986, interest earned on the debt proceeds in excess of interest expense or expenditure prior to the disbursement of the proceeds must be rebated to the Internal Revenue Service (IRS). Management believes there is no tax arbitrage rebate liability at year end.

Performance Audit – The District has been selected by the State Office of the Auditor General to have a performance audit pursuant to A.R.S. Section 41-1279.03.A. for the fiscal year ended June 30, 2013. This performance audit has not been completed, and although the results are unknown at this time, the District expects the results to be immaterial to the financial statements.

NOTE 12 – PRIOR PERIOD ADJUSTMENT

The July 1, 2013, government-wide net position does not agree to the prior year financial statements due to the implementation of GASB Statement 65, *Items Previously Reported as Assets and Liabilities*.

	<u>Statement of Activities</u>
Net position, June 30, 2013, as previously reported	\$ 176,388,662
Implementation of GASB Statement 65	(805,297)
Net position, July 1, 2013, as restated	<u>\$ 175,583,365</u>

NOTE 13 – RISK MANAGEMENT

The District was unable to obtain general property and liability insurance at a cost it considered to be economically justifiable. Therefore, the District joined the Arizona School Risk Retention Trust, Inc. (ASRRT). ASRRT is a public entity risk pool currently operating as a common risk management and insurance program for school districts and community colleges in the State. The District pays an annual premium to ASRRT for its general insurance coverage. The agreement provides that ASRRT will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of specified amounts.

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 13 – RISK MANAGEMENT (Concl'd)

The District joined the Arizona School Alliance for Workers' Compensation, Inc. (Alliance) together with other school districts in the state for risks of loss related to workers' compensation claims. The Alliance is a public entity risk pool currently operating as a common risk management and insurance program for school districts in the State. The District pays quarterly premiums to the Alliance for its employee workers' compensation coverage. The agreement provides that the Alliance will be self-sustaining through members' premiums and will reinsure through commercial companies for claims in excess of specified amounts for each insured event.

The District established the Employee Benefit Trust Fund, an Internal Service Fund, to account for and finance the uninsured risks of loss related to employee health. Under this program, the Fund provides coverage for up to a maximum of \$175,000 for each claim. The Fund purchases commercial insurance for claims in excess of this coverage. Settled claims have not exceeded this coverage in any of the past three fiscal years.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims.

Estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate. Changes in the balances of claims liabilities during the past two years are as follows.

	Year ended June 30, 2014	Year ended June 30, 2013
Unpaid claims, beginning of fiscal year	\$ 1,630,000	\$ 1,630,000
Incurred claims (including IBNRs)	8,623,277	9,601,134
Claim payments	(9,276,277)	(9,601,134)
Unpaid claims, end of fiscal year	<u>\$ 977,000</u>	<u>\$ 1,630,000</u>

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 14 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS

The District contributes to the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing, multiple-employer defined benefit pension plan; a cost-sharing, multiple-employer defined health insurance premium plan; and a cost-sharing, multiple-employer defined benefit long-term disability plan that covers employees of the State of Arizona and employees of participating political subdivisions and school districts. The ASRS is governed by the Arizona State Retirement System Board according to the provisions of A.R.S. Title 38, Chapter 5, Article 2.

Plan Description – Benefits are established by state statute and the plan generally provides retirement, long-term disability, and health insurance premium benefits, including death and survivor benefits. The retirement benefits are generally paid at a percentage, based on years of service, of the retirees' average compensation. Long-term disability benefits vary by circumstance, but generally pay a percentage of the employee's monthly compensation. Health insurance premium benefits are paid as a fixed dollar amount per month towards the retiree's healthcare insurance premiums, in amounts based on whether the benefit is for the retiree or for the retiree and his or her dependents.

The ASRS issues a comprehensive annual financial report that includes financial statements and required supplementary information. The most recent report may be obtained by writing the ASRS, 3300 North Central Avenue, P.O. Box 33910, Phoenix, Arizona 85067-3910 or by calling (602) 240-2000 or (800) 621-3778. The report is also available on the ASRS' website at www.azasrs.gov.

Funding Policy – The Arizona State Legislature establishes and may amend active plan members' and the District's contribution rates. For the current fiscal year, active ASRS members were required by statute to contribute at the actuarially determined rate of 11.54 percent (11.30 percent for retirement and 0.24 percent for long-term disability) of the members' annual covered payroll and the District was required by statute to contribute at the actuarially determined rate of 11.54 percent (10.70 percent for retirement, 0.60 percent for health insurance premium, and 0.24 percent for long-term disability) of the members' annual covered payroll.

The District's contributions for the current and two preceding years, all of which were equal to the required contributions, were as follows.

	Retirement Fund	Health Benefit Supplement Fund	Long-Term Disability Fund
Year ending June 30:			
2014	\$ 7,930,802	\$ 444,718	\$ 177,887
2013	7,431,540	471,268	174,007
2012	7,105,746	453,558	172,784

KYRENE ELEMENTARY SCHOOL DISTRICT NO. 28
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 15 – NEW ACCOUNTING PRONOUNCEMENT

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* will be effective for the District's June 30, 2015 fiscal year end. This Statement replaces the requirements of prior GASB standards for pensions accounting and reporting. This Statement requires governments providing defined benefit pensions to recognize the long-term obligation for pension benefits as a liability, and to more comprehensively and comparably measure the annual costs of pension benefits. Each employer participating in a multiple-employer defined benefit pension plan will be required to record a liability representing their "proportionate share" of the plan's total net pension liability. This Statement also enhances accountability and transparency through revised note disclosures and new required supplementary information.

SPECIAL REVENUE FUNDS

Classroom Site - to account for the financial activity for the portion of state sales tax collections and permanent state school fund earnings as approved by the voters in 2000.

Instructional Improvement - to account for the activity of monies received from gaming revenue.

County, City, and Town Grants - to account for monies received from county, city and town grants.

Title I Grants - to account for financial assistance received for the purpose of improving the teaching and learning of children failing, or most at-risk of failing, to meet challenging State academic standards.

Professional Development and Technology Grants - to account for financial assistance received to increase student academic achievement through improving teacher quality.

Limited English and Immigrant Students - to account for financial assistance received for educational services and costs for limited English and immigrant children.

Indian Education - to account for financial assistance received for Indian education at preschool, elementary, secondary and adult levels.

Special Education Grants - to account for supplemental financial assistance received to provide a free, appropriate public education to disabled children.

Medicaid Reimbursement - to account for reimbursements related to specific health services provided to eligible students.

E-Rate - to account for financial assistance received for broadband internet and telecommunication costs.

Other Federal Projects - to account for financial assistance received for other supplemental federal projects.

Academic Contests - to account for financial assistance received for participation in academic contests.

Other State Projects - to account for financial assistance received for other State projects.

School Plant - to account for proceeds from the sale or lease of school property.

Food Service - to account for the financial activity of school activities that have as their purpose the preparation and serving of regular and incidental meals and snacks in connection with school functions.

Civic Center - to account for monies received from the rental of school facilities for civic activities.

Community School - to account for activity related to academic and skill development for all citizens.

Auxiliary Operations - to account for activity arising from bookstore, athletic and miscellaneous District related operations.

Extracurricular Activities Fees Tax Credit - to account for activity related to monies collected in support of extracurricular activities to be taken as a tax credit by the tax payer in accordance with A.R.S. §43-1089.01.

Gifts and Donations - to account for activity related to gifts, donations, bequests and private grants made to the District.

Fingerprint - to account for activity of fingerprinting employees as mandated by the State.

Textbooks - to account for monies received from students to replace or repair lost or damaged textbooks.

Indirect Costs - to account for monies received from Federal projects for administrative costs.

Grants and Gifts to Teachers - to account for grants and gifts under \$1,500 received from private sources that are designated for use by a teacher for instructional purposes.

Advertisement - to account for monies received from the sale of advertising.

CAPITAL PROJECTS FUNDS

Insurance Proceeds - to account for the monies received from insurance claims.

Litigation Recovery - to account for monies received for and derived from litigation.

Unrestricted Capital Outlay - to account for transactions relating to the acquisition of capital items.

Adjacent Ways - to account for monies received to finance improvements of public ways adjacent to school property.

Bond Building - to account for proceeds from District bond issues that are expended on the acquisition or lease of sites; construction or renovation of school buildings; supplying school buildings with furniture, equipment, and technology; improving school grounds; or purchasing pupil transportation vehicles.

Gifts and Donations - Capital - to account for gifts and donations to be expended for capital acquisitions.

Condemnation - to account for monies received from proceeds from sales by condemnation or right-of-way settlements.

Energy and Water Savings - to account for capital investment monies, energy related rebate, or grant monies and monies from other funding sources to fund energy or water savings projects in school facilities in accordance with A.R.S. §15-910.02.

Building Renewal Grant - to account for building renewal grant monies requested from the School Facilities Board that are used for infrastructure or for major upgrades, repairs, or renovations to areas, systems or buildings that will maintain or extend their useful life.

STATISTICAL SECTION

The statistical section presents financial statement trends as well as detailed financial and operational information not available elsewhere in the report. The statistical section is intended to enhance the reader's understanding of the information presented in the financial statements, notes to the financial statements, and other supplementary information presented in this report. The statistical section is comprised of the five categories of statistical information presented below.

Financial Trends

These schedules contain information on financial trends to help the reader understand how the District's financial position and financial activities have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the factors affecting the District's ability to generate revenue.

Debt Capacity

These schedules present information to help the reader evaluate the District's current levels of outstanding debt as well as assess the District's ability to make debt payments and/or issue additional debt in the future.

Demographic and Economic Information

These schedules present various demographic and economic indicators to help the reader understand the environment in which the District's financial activities take place and to help make comparisons with other school districts.

Operating Information

These schedules contain information about the District's operations and various resources to help the reader draw conclusions as to how the District's financial information relates to the services provided by the District.
