Brain Games – Trust Me (Season 3 Episode 3)

Directions: As you watch the video participate in each game and answer the following questions.

Game #1:

What is the split or steal game? What did people select? How would you have played?

Why can it be an advantage for people to trust one another?

Game #2:

What was the free money game? How did people react to the game? Why did they react that way?

How did people react to the free money game when there was no one there?

How did people react to the free money game when there was a picture of large eyes?

Game #3:

What was the stock market game? What stocks did you select? Explain why these were selected.

Game #4:

Count the number of times the dot flashes. Why did you count that number of flashes? Explain.

Illusionist Game:

Watch the illusionist's trick. Any ideas as to how the trick is done?

Reflection: What did you learn about trust? Did you find this video interesting? Would you be interested in watching more Brain Games?
