**ALTADENA YEARBOOK
DEADLINE TO ORDER IS JANUARY 31, 2021**

Kyrene WiFi Login Update

If a student has a Kyrene Windows device at home and is using **KSDStudent** their student login, you may soon receive a message that says 'Your Windows license will expire soon.' The Kyrene IT department anticipates that this will happen for any student using that login and has asked that you follow these steps as soon as possible:

- 1.) **This is ONLY needed if you still use KSDStudent as your login.** Disregard next steps if you do not use that for your student's login. If you login with our Student ID Number please disregard this message - No further action needed.
- 2.) Go to any school and get as close to the building as possible. You can even stay in your car. It does not have to be the school you attend.
- 3.) From the parking lot, connect to the school's WiFi. It will automatically connect.*
- 4.) Login with the student's Kyrene Student ID number and password. **Do not use KSDStudent.**
- 5.) Let computer sit for at least two minutes.
- 6.) Shut device down and it is ready to use at home. You will login with Student ID number and password from now on.

* If device does not automatically connect to school's WiFi, you will need to get assistance from your school front office during school hours.

**ASYNCHRONOUS
LEARNING**

Asynchronous Learning Dates Week of January 25th - 29th

Monday, January 25th - Electives

- Upload course request sheet and upload it with online registration portal
- They can email it to DVHenrollment@tempeunion.org
- Drop off sheet at DV
- Drop off sheet at Altadena

Gifted Testing 2020-21

Gifted testing is facilitated at sites three times per year. Information about applications due dates, testing windows, and results are available on www.kyrene.org/gifted.

Applications for the next round are due on January 19, 2021. Please communicate the gifted testing message provided below to your communities.

Gifted Testing Notice. All public school districts have an ongoing "Child Find" obligation. This means that the Kyrene School District will identify, locate and evaluate all children within their geographic boundaries who are in need of special education and related services. Kyrene makes gifted testing available for students at school sites three times per year by application. Applications are due for the next round of testing for 2020-21 on January 19, 2021. If you think your child may be gifted, please visit the website at www.kyrene.org/gifted for information about gifted education, services, and testing in Kyrene.

Internet Safety Reminder

Internet safety is very important for students considering our virtual environment. This week, most students are finishing up their teacher-led Internet Safety lessons for the 2020-2021 school year. These include topics such as cyber bullying, digital drama and hate speech, digital footprints, relationships and communication, and privacy and security. In addition to these topics, we routinely emphasize to students the importance of using technology appropriately and safely. We know that as parents/guardians, you have the unique opportunity to also engage in dialogue about these topics. This is something we would encourage so that students can continue to learn, grow, and succeed in the digital landscape.

Distance Learning Technology Support

The District's student assist web page is available for families who need technical support and device directions for at home use. Below is the link for students/families to submit a tech support request.

Student Technical Support

Request: <https://sites.google.com/kyrene.org/distancelearninghelp/submit-support-request>
