* A peek at the week *

Ready Math Unit 3: Multi-Digit Operations and Measurement

We will begin our new unit, which focuses on multiplication, division, and area/perimeter. In the unit, students will multiply by one- and two-digit numbers, use multiplication to convert measurements, divide three- and four-digit numbers, and find area and perimeter.

This week, students will focus on multiplying by one-digit numbers.

Upcoming assignments

- Lesson 11 quiz- Friday or Monday, depending on class needs
- Students' unit 2 assessments will be graded by Monday 12/7. Please let me know if you would like a copy of your child's assessment. There will not be retakes, but I will be assigning re-teaching practice in i-Ready for concepts students did not master.

Assignments and homework will be assigned through Google Classroom. If you would like updates on your child's assignments in Google Classroom, please check your email for Google Classroom notifications.

Homework is posted on the "Stream" section of our Google Classroom. If there are any pages to complete, these will also be assigned in the "Quarter 2 Homework" topic of our classwork.

Please encourage your child to complete i-Ready lessons at home, as they are great for extra practice, re-teaching, and skill refinement!
