

# 5<sup>th</sup> Grade

# The "27" Post

Week of November 2-6, 2020

## Our Learning

ELA/SS

We will continue learning about the process scientists use to conduct research in the natural world through a close read of *The Most Beautiful Roof in the World* by Kathryn Lasky.

We will begin studying characteristics of the Articles of Confederation and key concepts in the US Constitution.

We continue or focus on environmental hazards by conducting oil spill experiment. Later in the week, students will research other environmental hazards and think like an environmental engineer to create solutions using technology and machines.

Science

Math

All about the coordinate plane! Students will graph points and ordered pairs on a coordinate plane, then find distances from multiple points on the plane. There will be a check in quiz on Friday.

We will participate in exercises to illustrate the connection between our thoughts, feelings, and actions, and practice thinking in positive and inclusive ways.

Social/  
Emotional

## Upcoming Events

- Nov. 3<sup>rd</sup> - Zzeek's Pizza Fundraiser
- Nov. 4<sup>th</sup> - Reading Wall Log Due (Google Form: <https://forms.gle/jdEgCpYKzmTKNCfu8>)

## Reminders

- Review and sign your child's Leadership Notebook and Weekly Academic and Behavior Reflection.
- Graded work (in-person) is sent home on Friday.

## Extras:

Happy Halloween! Ask your child about the history of Halloween and other traditions that we read about this week.
