

5th Grade

The "27" Post

Week of September 14-18, 2020

Our Learning

ELA

As we continue our study of the novel *Esperanza Rising*, we will discuss how characters change over time and the various themes that are presented.

We will continue writing about the meaning of our names by composing a Name Narrative and selecting an image that represents us.

We will focus on the composition of the Earth and its atmosphere and the natural and human processes occurring within them shape the Earth's surface and its climate.

Science

We will begin Unit 4, "Measurement and Data". This week we will focus on converting metric and customary measurements and solving real world word problems involving measurement.

Math

We will continue to understand the characteristics that define us as gifted by assessing our personality and habits.

Social/ Emotional

Upcoming Events

- Sept. 24th - First Day of In-Person Learning

Reminders

➤ All Zoom links will be posted in Google Classroom. We will no longer use Student VUE.

➤ Join your child's Google Classroom as a guardian to stay up to date on assignments!

Extras:

Please be sure to check in with your child to ensure that all assignments are completed on Google Classroom.
